

WORKS NOTIFICATION

SERVICE RELOCATION NIGHT WORKS, TOWN HALL STATION (CBD SOUTH) JANUARY 2018

Major construction on the Metro Tunnel is underway to support construction of the new Town Hall Station (formerly known as CBD South) with direct connections to Flinders Street Station.

What we are doing

- As part of the building demolition on Swanston Street, night works are required for power service relocation
- This work includes excavation, cable cutting and backfilling.

What to be aware of

- These works are expected to generate medium levels of noise before 10pm, and low levels of noise after this time
- Localised traffic management will be in place to direct traffic and pedestrians around these works. The works will be localised to the building demolition site on Swanston Street.

When

These works will be occurring between **6pm and 7am** on the following dates:

9 Swanston Street (former McDonald's building)

- 10-11 January 2018

All reasonable efforts will be made to complete works ahead of schedule, subject to weather and ground conditions.

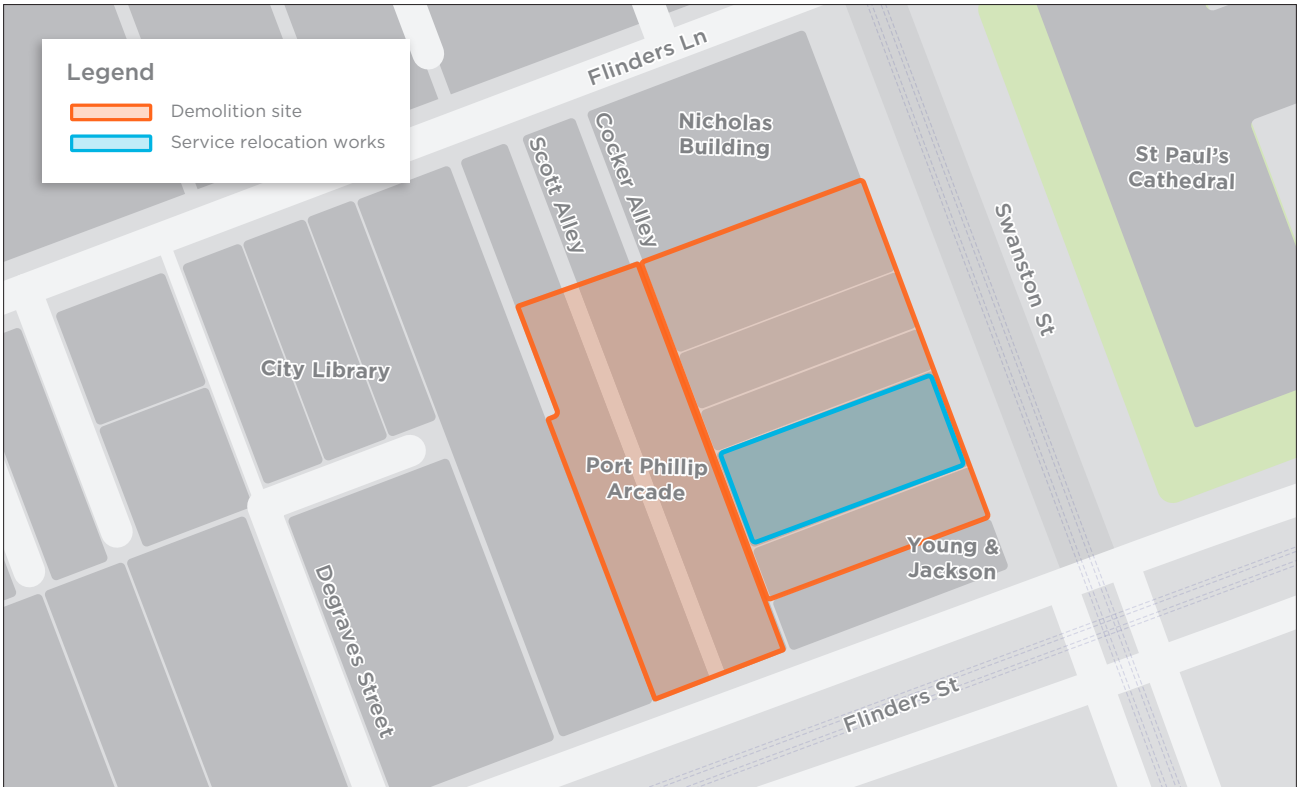

We will notify residents and businesses if there are any significant changes to the program.

Further service relocation works will be occurring in the Port Phillip Arcade and surrounding areas in late January and February. Further information, including dates, will be issued prior to the works taking place.
