

WORKS NOTIFICATION

FLINDERS STREET AWNING REMOVAL AND SCAFFOLD INSTALLATION NIGHT WORKS 18 - 22 MARCH 2018

Further to the works notification relating to the Port Phillip Arcade demolition, please be advised that night works for awning removal and scaffold installation along Flinders Street will now take place from Sunday 18 to Thursday 22 March 2018.

What we are doing

The Port Phillip Arcade awning will be removed using an oxy cutter, mini excavator and scissor lift.

Scaffolding and protective hoarding will then be installed along the front of Port Phillip Arcade on Flinders Street.

Once the protective hoarding is installed, the King Neptune sculpture by Charles Bush will be removed and placed in storage until it is reinstated as part of the new Town Hall Station precinct.

What to be aware of

The footpath on the north side of Flinders Street, between Degraves Street and Swanston Street, will be closed during these works.

During the footpath closure, a signed detour will be in place directing pedestrians to use the tram super stop in the middle of Flinders Street to travel to the pedestrian crossing at Swanston Street.

The left eastbound lane on Flinders Street in this section will also be closed during the works.

These works are expected to generate medium levels of noise with intermittent periods of high level noise, during the use of the oxy cutter.

This activity is scheduled to take place at night to minimise disruption to pedestrians and the tram network on Flinders Street.

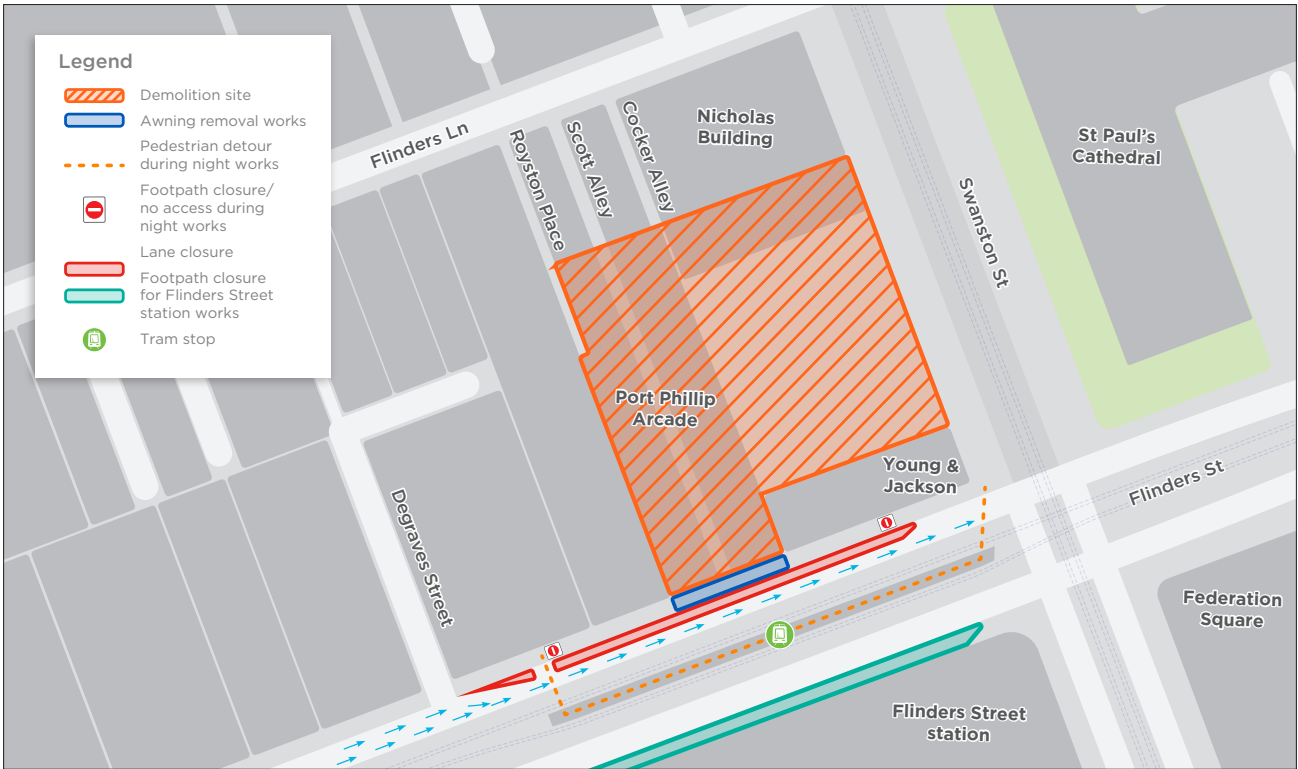

When

- 11pm – 6am, Sunday 18 to Thursday 22 March 2018
- We will notify residents if there are any significant changes to the program.
