

# Make your mark on Melbourne

Help name the new Metro Tunnel stations and be part of Victoria's biggest ever public transport project.

## EVALUATING STATION NAMES WORKSHEET

### Station Naming Criteria

List up to five criteria you think would be useful for assessing whether a proposed name for a station is appropriate.

Criteria 1:

Criteria 2:

Criteria 3:

Criteria 4:

Criteria 5:

Once you have finalised your station naming criteria, use the table on the next page to evaluate naming suggestions.

➔ Turn over

## Evaluating Station Names (Continued)

Record each naming suggestion in the table below and then assess it against the criteria you have developed.

- Write **Yes** or **No** in the boxes depending on whether or not you feel the name meets the criteria.
- Or use a point scoring system to provide a more measured assessment of how well the name meets each of the criteria.

The final column provides a space to enter your evaluation of each name.

- Is it more **Yes** or **No**?
- Or total the points for each name to identify a winner.

Working Station Name*	Suggested Station Name	Criteria 1	Criteria 2	Criteria 3	Criteria 4	Criteria 5	Evaluation
							
							
							
							
							

\*The Station Map provides the location and working names for the five new Metro Tunnel stations. Visit [metrotunnel.vic.gov.au](http://metrotunnel.vic.gov.au) to learn more about each precinct and enter the Station Naming Competition, competition closes **Sunday 22 October 2017**.
