

WORKS UPDATE

POWER POLE INSTALLATION, OSBORNE STREET, SOUTH YARRA

19 SEPTEMBER UNTIL MID-OCTOBER 2017

Further to the notification issued on 24 June, please be advised upcoming works to complete the installation of new lighting power poles will commence from 19 September until mid-October.

What we are doing

These works involve excavating a small trench, installing a power pit and connecting the power cables. Works also include installing two lighting power poles, removing overhead power cables and trenching in the footpath to ensure protection of the high voltage cables along Osborne Street.

Other works include installing a telecommunications pit within the footpath on the east side of Osborne Street followed by cable hauling activities. These works are expected to take three days to complete.

What to be aware of

- These works are expected to produce medium-high levels of noise, with high level noise activities to be carried out in short durations

- These works will also require 10 car parking spaces to be occupied for up to three weeks
- Traffic management will be in place to facilitate diversions around the works and to maintain access to driveways.

When

- Works will be carried out during normal construction hours from Tuesday 19 September until mid-October
- 7am - 6pm, Monday to Friday
- 7am - 1pm, Saturdays
