

WORKS NOTIFICATION

PREPARATION FOR LONG-TERM ST KILDA ROAD LANE CLOSURES, DOMAIN JANUARY 2018

Major works on the Metro Tunnel are now underway to support construction of the new Anzac Station which will significantly improve access to the Domain Precinct.

Works will commence from 15 January to prepare for long-term lane closures on St Kilda Road, and the temporary diversion of tram services, road traffic and cyclists around the Anzac Station construction site. In February, St Kilda Road will be reduced to one lane in each direction between Dorcas Street and Toorak Road West, with some access changes to local roads for up to four years while the station is built. These works are subject to relevant approvals.

What works are happening in January 2018?

Work this month will include minor tree pruning ahead of installation of temporary tram power poles along St Kilda Road. Trees will not be removed during this period. Tram pole installation and overhead wiring works will also be carried out at night to prevent disruption to tram services. Road and kerb modification works will also take place on St Kilda Road this month to prepare the area for long-term lane closures in February and future tram service works.

Other works taking place in January include installation of new drainage between St Kilda Road and Bowen Crescent, and work to prepare for the new Park Street tram stop.

For more detailed information on the timing and location of these works, please see the construction map on the following page. Detailed construction notifications for the Park Street tram stop work and drainage works have been sent to adjacent residents and are available on the Metro Tunnel website.

Upcoming Traffic and Transport Changes – Pop Up Information Sessions

In January, the project team is holding pop up information sessions, with members of the project team available to answer questions regarding the upcoming changes to St Kilda Road and local roads.

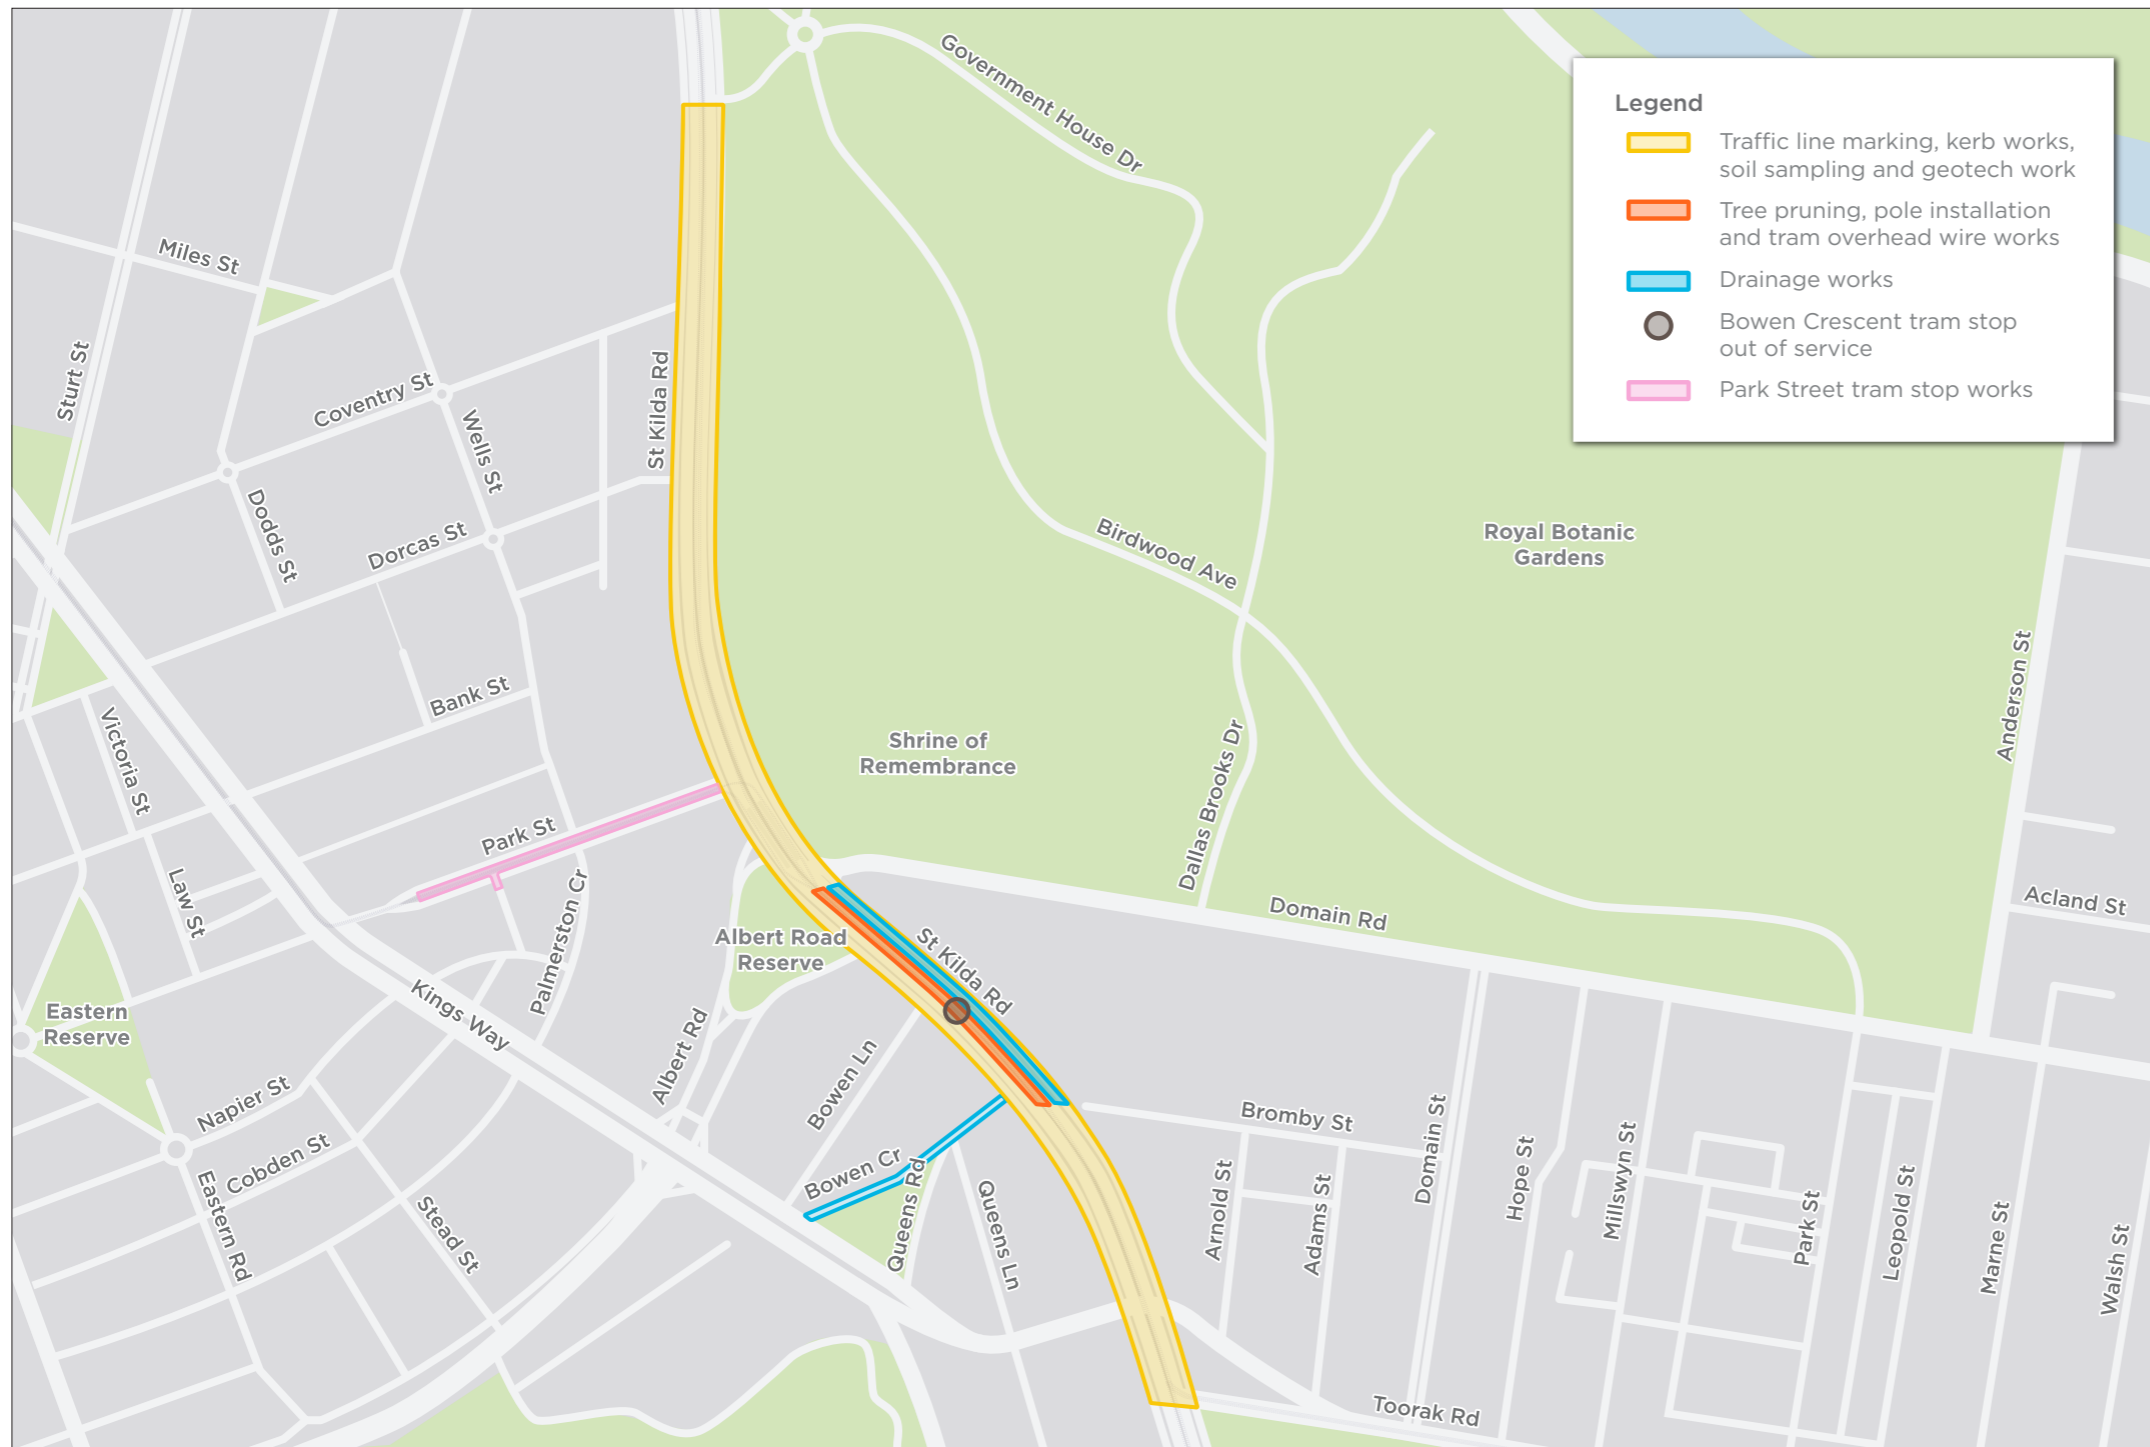

Where

- Metro Tunnel Information Hub, 402 St Kilda Road

When

- Saturday 13 January 10.30am - 12.30pm
- Tuesday 16 January 5.30pm - 7.30pm
- Monday 22 January 5.30pm - 7.30pm

Indicative only

**Monday evening, 22 January -
Friday morning, 26 January 2018**

**St Kilda Road between Domain Road and
Bromby Street**

- Works on the existing tram overhead wiring
- Installation of temporary tram power poles on the St Kilda Road southbound lanes.

What to be aware of

- Works will take place at night to prevent disruption to tram services
- These works are expected to generate a medium level of noise.

When

- 7pm - 6am.

Traffic impacts

- There will be temporary lane closures on St Kilda Road southbound between Domain Road and Bowen Crescent during the day and night. At times vehicles will be required to use the middle carriageway and speed limits will be reduced to 40km/hr
- Domain Road will continue to be closed at the western (St Kilda Road) end, but will remain open from the east
- Traffic management measures will manage the safety of pedestrians, cyclists and work crews.

The timing of these works is subject to change due to weather, ground conditions and other issues. Where there are significant changes to our program, we will notify directly affected community members.

For more detailed information on transport impacts in the Domain Precinct from January to April 2018 please refer to the Transport Changes brochure.

15 January - 1 February 2018

**St Kilda Road between Government House Drive
and Toorak Road West**

- Adjusting medians and kerbs
- Asphaltting, installation of traffic barriers and line marking
- Geotechnical site investigations and soil sampling.

**St Kilda Road between Domain Road and
Bromby Street**

- Tree pruning at the locations of temporary tram power poles.

What to be aware of

- There will be periods of medium to high level noise associated with removing medians and kerbs during the day. This will include saw cutting of the road and kerb
- No trees will be removed as part of these works, however tree pruning is required.

When

- 7am - 6pm, Monday to Friday
- 7am - 5pm, Saturdays.

From 15 January 2018

Bowen Crescent tram stop - Out of service

- The Bowen Crescent Tram Stop (#21) will no longer be operational, in preparation for its removal in February 2018. Passengers who normally use Stop 21 will need to use either Stop 20 Domain Road, or Stop 22 Toorak Road.
