

## WORKS NOTIFICATION

# SEWER AND WATER MAINS DISCONNECTION, LAURENS STREET 21 MAY TO 11 JUNE 2018

Works in preparation for major construction of the Metro Tunnel and new Arden Station (to be renamed North Melbourne) are underway.

Prior to the commencement of major construction in the Arden Precinct, a number of existing sewer and water main connection points located along Laurens Street will be disconnected. The connection points served former buildings located within the construction site and are no longer required. These works will not affect connections to other buildings or properties in the area.

### What we are doing

- Cutting and capping of sewer and water mains located along Laurens Street between the southern boundary of the Arden Station construction site and Barwise Street
- Using an excavator, saw cutter, and tandem truck to remove the soil.

### What to be aware of

- These works will be staged and completed in small sections at a time within the eastbound and westbound lanes of Laurens Street, and the western footpath

- Seven parking spaces will be occupied along Laurens Street during each stage of the works
- Traffic will be reduced to one lane around the staged work site with contraflow traffic management in place to direct traffic around the work area
- Diversions will be in place around the works to manage the safety of cyclists and pedestrians
- This activity is expected to generate medium levels of noise
- Access to properties and businesses will be maintained at all times.

### When

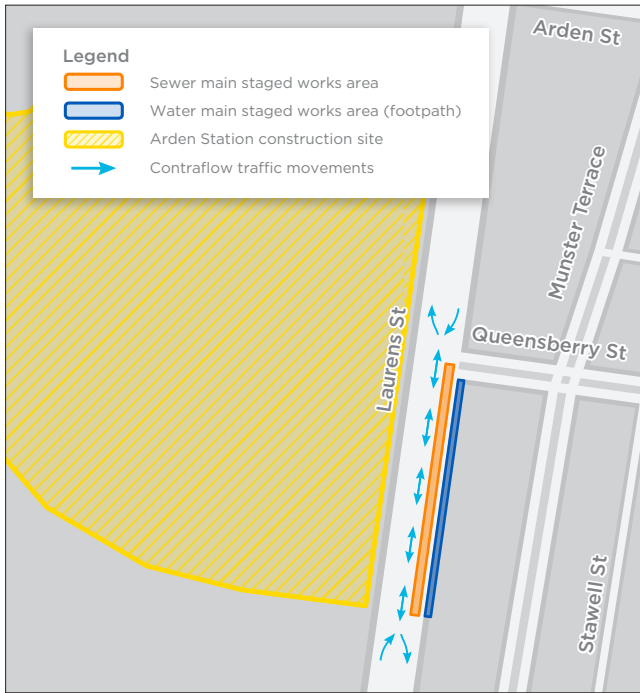

- Monday 21 May to Monday 11 June 2018
- 7am - 6pm, Monday to Friday
- 7am - 1pm, Saturdays.
