

## WORKS NOTIFICATION

# SERVICE INVESTIGATIONS AND RELOCATION, PARKVILLE 30 JUNE 2017

Major works on the Metro Tunnel Project are now underway to support construction of a new underground station in Parkville.

John Holland has been appointed as the managing contractor for this package of works, which includes the relocation and protection of underground services, including drainage, water, sewer, gas, power and telecommunications.

### What we are doing

#### Service investigation

- Confirming and identifying the location of underground services on Elizabeth Street and Pelham Street
- Non-destructive digging (NDD) including saw-cutting asphalt and digging narrow trenches to carefully expose underground utilities and verify the location of each service (including in footpaths and roads).

#### Service relocations

- Following the service investigation, new services will be installed in the bike lane on Elizabeth Street from Grattan Street and along Pelham Street by open cut trench
- Installing a new telecommunications pit and conduits on Grattan Street, opposite Leicester Street.

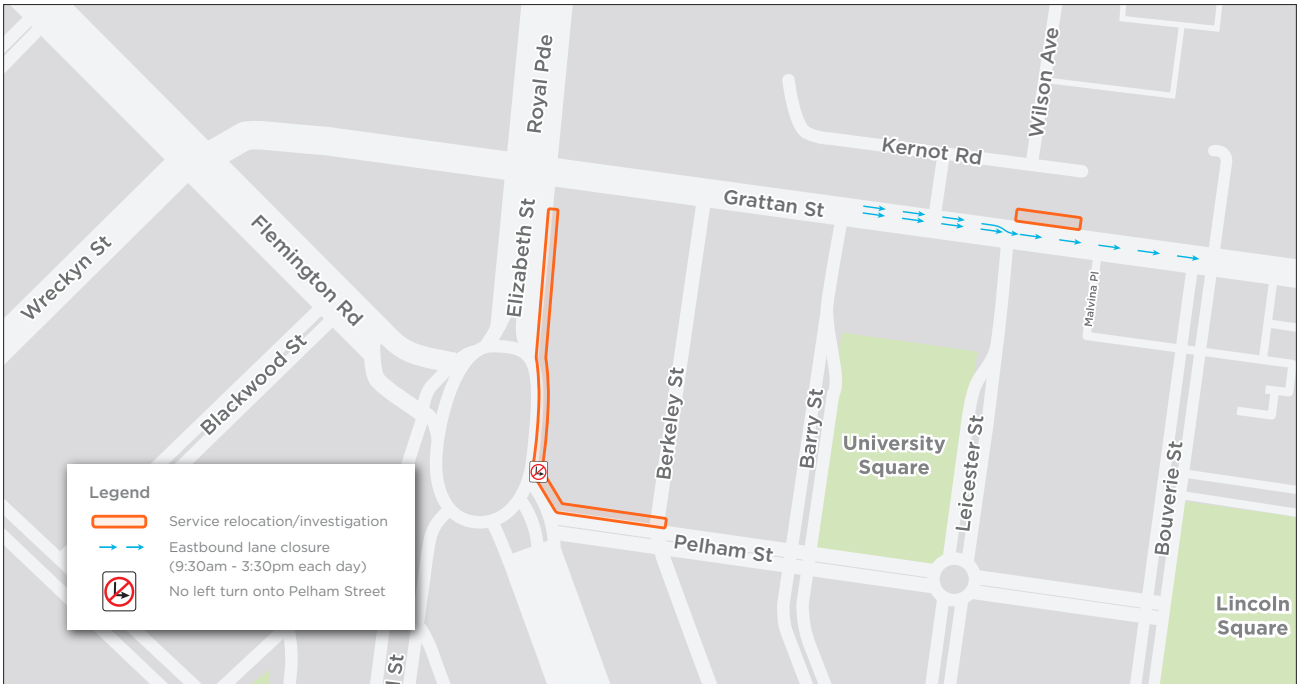

### What to be aware of

- There will be no left turn onto Pelham Street from Elizabeth Street and an eastbound lane closure on Pelham Street between Elizabeth Street and Berkeley Street as the works progress
- We will need to temporarily occupy a limited number of parking spaces on Pelham Street and Grattan Street as the works progress
- There will be an eastbound lane closure on Grattan Street between Leicester Street and Malvina Place, from 9:30am to 3:30pm each day
- There will be some noise associated with these activities
- Access to private properties and businesses will be maintained at all times
- There is no planned disruption to essential services
- Traffic management measures will ensure the safety of work crews, cyclists and pedestrians and maintain flow of traffic
- The location of NDD sites may vary depending on results of the investigation works.

Construction partners:

Indicative only

### When

From Friday 30 June to mid-August

- 7am - 6pm, Monday to Friday
- 7am - 1pm, Saturdays

All reasonable efforts will be made to complete works ahead of schedule, subject to weather and ground conditions

We will notify residents and businesses if there are any significant changes to the program.

### Keeping the community informed

John Holland understands that there will be some unavoidable impacts from these works, and is committed to keeping the community and stakeholders informed of all works and any expected impacts, before they occur.
