

## WORKS NOTIFICATION

# FRANKLIN STREET DAYTIME ROAD CLOSURES FOR SERVICE RELOCATIONS FROM 6 DECEMBER 2017

Major works on the Metro Tunnel are underway at Franklin Street to support the construction of a new CBD underground station with a direct connection to Melbourne Central Station.

### Franklin Street daytime road closures

- Daytime road closures of the westbound traffic lane on Franklin Street between Swanston Street and Stewart Street will start from 6 December 2017
- The daytime closure will be in place for up to eight weeks to complete utility service relocations
- Detours will be in place along Victoria Street and Elizabeth Street.

### Utility service relocations

- From December, service relocation works will take place on Franklin Street, between Swanston Street and Stewart Street ahead of the excavation of a shaft
- Works will start with service proving and identification activities. This will then be followed by the relocation of services including power, sewer, water, drainage, telecommunications and gas
- The method used to relocate the services involves open-cut trenching to excavate down to the required depth, installing or replacing the service, and backfilling and reinstating the area.

### When

- From 6 December 2017 to late April 2018
- 10am - 8pm, Monday to Friday
- 7am - 3pm, Saturdays
- Some night works may be required and we will notify residents and businesses in advance of these works occurring
- All reasonable efforts will be made to complete works ahead of schedule, subject to weather and ground conditions
- We will notify residents and businesses if there are any significant changes to the program.

### Franklin Street long-term road closure

At the completion of these service relocation works, there will be long-term closures of the westbound lanes on Franklin Street while work take place to build the new State Library Station (formerly known as CBD North). We will provide further information in early 2018.

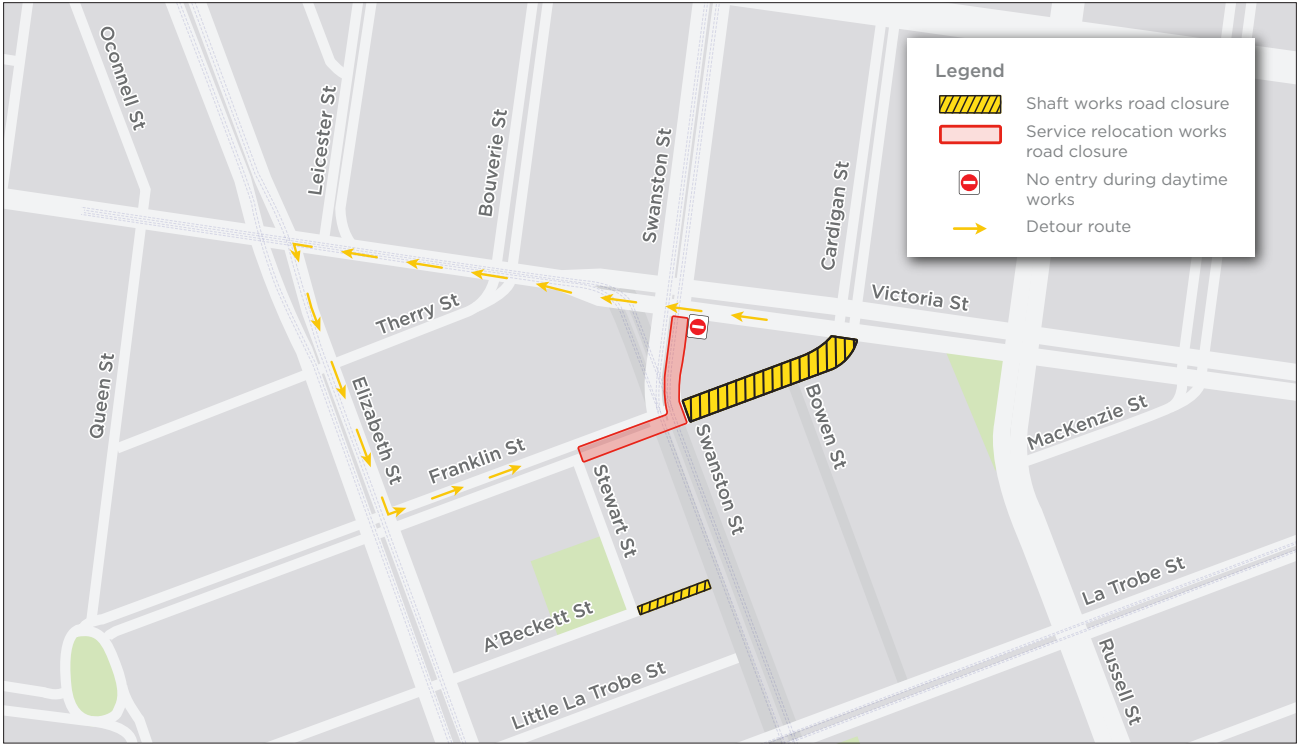

### State Library Station

Following a public submission process, the new underground station at CBD North will be known as State Library Station.
