

WORKS NOTIFICATION

GROUNDWATER MONITORING WORKS JANUARY 2018 TO FEBRUARY 2018

Targeted investigation activities to confirm groundwater modelling in Victoria Street, Swanston Street, Bouverie Street and Therry Street are continuing.

Locations have been chosen to undertake investigation works, which involve drilling bore holes. A water pumping test will be conducted once the depth has been reached.

Some night works will be required for these works.

Some lane and footpath closures will be required, while traffic management will be in place to ensure safe traffic and pedestrian movement in the area.

Some car parks will be required to set up visual aids to facilitate the safe passage of traffic through the area. Traffic detours will be in place.

When

Night works

- 3 January 2018 to install traffic management between Leicester Street and Swanston Street. Lane diversions will be in place for the duration of the works.
- 7pm - 7am

Day works

- 4 January to late February 2018
- 7am - 6pm

Ongoing intermittent night works

- From 15 January to late February 2018
- 7pm - 7am

All reasonable efforts will be made to complete works ahead of schedule, subject to weather and ground conditions.

We will notify residents and businesses if there are any significant changes to the program.
