

## GROUNDWATER MONITORING UPDATE

### STATE LIBRARY STATION

**MARCH - APRIL 2019**

Major works on the Metro Tunnel are underway to support construction of the new State Library Station at the northern end of Swanston Street in the CBD.

Groundwater monitoring works are required to allow for the monitoring and maintenance of groundwater conditions during construction. In April and May, works to complete the groundwater monitoring system will continue. Once complete, this system will monitor and manage groundwater automatically.

#### Day works

##### What we are doing

Works to commission a groundwater monitoring system are ongoing at the Bouverie Street site, this involves:

- Connecting a watermain from the southbound lane of Bouverie Street to within the site
- Delivery and installation of the main switch board in preparation for the installation of the automatic monitoring system on Bouverie Street
- Reinstating the road surface.

##### When

- Saturday 9 March 7am - 5pm
- Sunday 10 March 8am - 5pm
- Tuesday 12 March to Thursday 18 April
- Monday to Friday 7am - 6pm
- Saturdays 7am - 1pm (if required).

#### Night works

##### What are we doing

Installation of label identification tags in the recently installed pits on Bouverie Street.

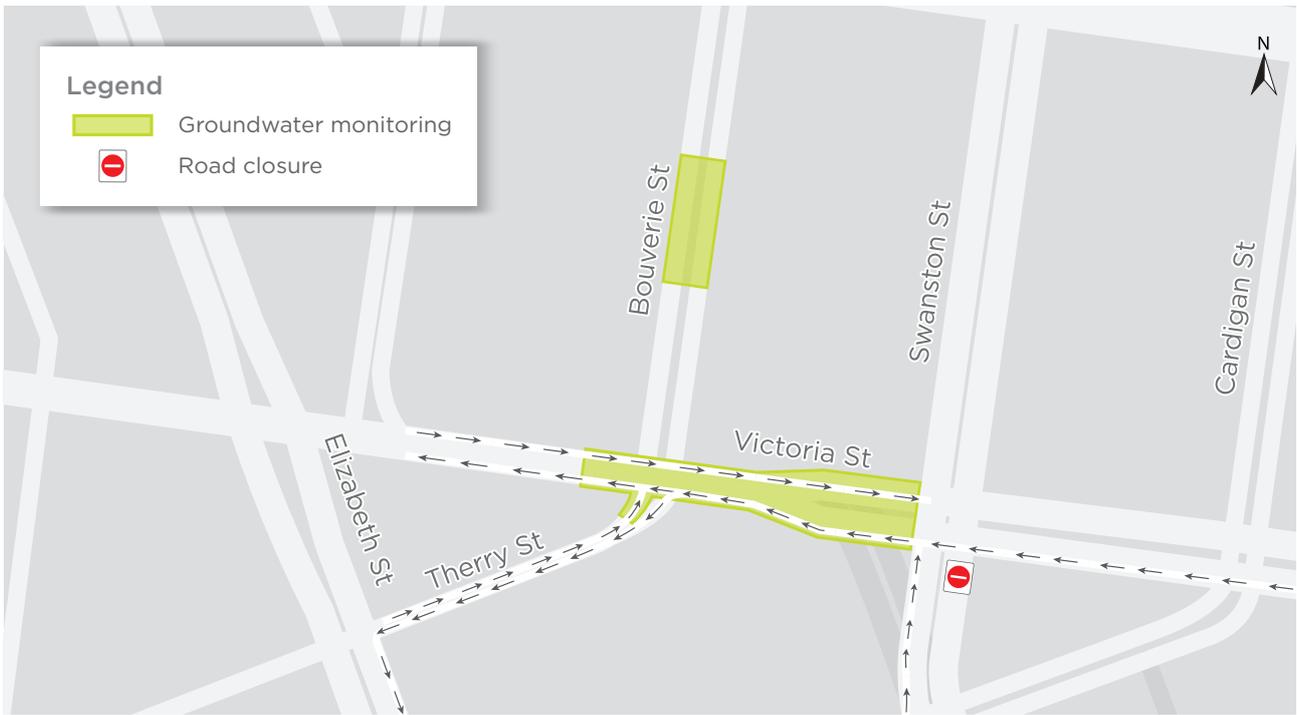

Installing pipes and intermittent monitoring of previously installed wells on Victoria, Bouverie, and Therry streets on the road and footpaths is ongoing.

##### When

- 7pm to 6am, Sunday 17 March - Friday 12 April (works will be intermittent from Sunday to Thursday nights only during this time)

##### What to be aware of

- Night works will generate low to medium periods of noise
- There will be intermittent lane closures on Bouverie Street, Victoria Street and Therry Street outside of peak times. Active traffic management will be in place at all times to safely guide pedestrians, cyclists and vehicles around the work areas.

Indicative only
