

Works notification

Service investigations

Arden Street, North Melbourne

Wednesday 28 to Friday 30 October 2020

Further to the September – October North Melbourne Construction Update, we wish to advise that additional service investigations will take place on Arden Street, North Melbourne.

What we are doing

- Service investigations will take place in the westbound lane on Arden Street, between the Arden Street bridge and Upfield line rail crossing (underneath the CityLink bridge)
- This involves saw cutting the road surface, using non-destructive digging (NDD) trucks to locate underground services and then reinstating the road surface.

What you should be aware of

- Works will be completed at night to minimise disruption to traffic
- Arden Street, between Langford Street and the Arden Street bridge, will be temporarily narrowed to one lane during these works, with traffic flow maintained in both directions via a shuttle flow arrangement

- Traffic controllers will be in place to direct vehicles, cyclists and pedestrians around the work area
- These activities are expected to generate periods of medium to loud noise.

When

8pm to 5am

Wednesday 28 to Friday 30 October 2020.

Indicative only

Health and safety

Metro Tunnel Project works are progressing safely under the current Second Step restrictions in metropolitan Melbourne.

You may notice an increase of workers on Victoria's Big Build projects as restrictions on construction sites start to ease. Large-scale public infrastructure projects are critical and strict COVIDsafe Plans are in place on all project sites across Victoria.

The health and safety of our workforce and community remains our top priority. Workers

on all of Victoria's Big Build sites are required to wear face masks unless they meet any of the criteria for exception – such as a medical condition for Occupational Health and Safety guidelines.

Physical distancing measures are in place as well as increased hygiene practices.

For more information and advice about the coronavirus (COVID-19), please visit <http://coronavirus.vic.gov.au>.
