

# Works Notification

## Out of hours works and temporary lane closure Evelina Road, Toorak

**Friday 27 August to Monday 30 August**

Further to the previously notified 24-hour works within the rail corridor between South Yarra and Caulfield stations, a section of a lane behind Evelina Road will be temporarily closed to allow works within the rail corridor to be undertaken safely.

### What we are doing

- Installing overhead gantry foundations within the rail corridor
- Works will require the use of elevated work platforms, generators, an NDD truck, an excavator and crews with hand tools
- A non-destructive digging (NDD) truck will be set up on a lane behind Evelina Road to assist works within the rail corridor
- Non-destructive digging (NDD) is required to locate and expose underground services. NDD uses pressurised water to dig and then vacuum up the soil to expose assets and services underground without damaging them.

### What you should be aware of

- These works are expected to generate medium to high levels of noise
- A section of a lane behind Evelina Road will be temporarily unavailable
- Traffic management will be in place to facilitate local vehicles entering and exiting the road. Local residential access will be maintained during this time
- Generator-powered lighting towers are required while we complete night works. Where possible, lights will be positioned to face away from residential properties and noise reduction mats will be placed around generators.

### When

#### 24-hour rail works

- 8pm Friday 27 August to 3am Monday 30 August.

#### Temporary lane closure on Evelina Road

- 7am to 7pm Saturday 28 August and Sunday 29 August.

### Health and safety

Works on the Metro Tunnel project are progressing with strict COVIDSafe plans in place. The health and safety of our workforce and community remains our top priority. For more information and advice about the coronavirus (COVID-19), please visit [coronavirus.vic.gov.au](https://coronavirus.vic.gov.au).
