WORKS NOTIFICATION
STATE LIBRARY STATION
APRIL 2020

Major construction is continuing in the northern end of Swanston Street at the site of the future State Library Station.

Construction snapshot
Construction works within the State Library Station precinct during April 2020 include:

• Construction of the underground station platform
• Construction of the shaft at the Franklin Street West site
• Piling and plunge column installation works at the Little La Trobe Street and La Trobe Street sites
• Commencement of ground floor slab and shaft construction works at the La Trobe Street site.

Further information on these works can be found overleaf or at metrotunnel.vic.gov.au.

When are we working?

Normal construction hours
7am to 6pm, Monday to Friday
7am to 1pm, Saturdays

Some activities may be required to continue slightly past these hours. All efforts will be made to complete activities as scheduled.

Out of hours
Some works are required to take place out of normal construction hours. The timing of these works are outlined in the construction information overleaf.

24 hours
24 hour works are sometimes required during peak construction activities. The timing of these works are outlined in the construction information overleaf.

Design & Construction

Victoria State Government
**Structures and lining works**

**Franklin Street East site**
24 hours, Monday to Sundays, ongoing

- Construction of the underground station platform will continue at the Franklin Street East site.
- This involves the delivery of steel and concrete to the site using trucks and unloading materials within the acoustic shed.

**Shaft construction**

**Franklin Street West site**
24 hours, Monday to Sundays, ongoing

- Shaft construction is ongoing inside the acoustic shed at the Franklin Street West site.
- This involves the use of excavators and trucks to remove excavated materials from the site and the installation of steel struts using hand drills.
- There will be oversized deliveries to the Franklin Street West site to deliver large sections of steel for the shaft within the acoustic shed.
- Due to traffic restrictions some oversized deliveries may take place between 10pm and 7am.
- Local access for residents and businesses will be maintained at all times.

**Downpipe rectification works**

**Franklin Street West site**
Early April

- The southern footpath (adjacent to the shed) will be closed for up to one day in early April for downpipe rectification works (refer to map).
- Traffic management will be in place to safely guide pedestrians around the work area.
- Pedestrian access will be maintained via the northern footpath at all times.
- Directly impacted stakeholders will be provided additional information closer to the time.

**Tunnelling works**

**A’Beckett Street site**
24 hours, Monday to Sundays, ongoing

- Tunnelling works are continuing 24 hours a day inside the acoustic shed.
- There will be additional overnight truck movements to remove excess excavated material on Friday 3 April 2020.

**Frame installation**

**A’Beckett Street site**
Mid-April 2020

- A banner frame will be installed on the A’Beckett Street acoustic shed in mid-April 2020 and will require partial footpath closures (refer to map).
- Additional information will be provided closer to the date.

**Piling and plunge column installation**

**Little La Trobe Street site**
7am to 6pm, Monday to Saturdays, ongoing

- Concrete pours and minor works – 6am to 10pm, Monday to Fridays, as required
- Piling works are continuing at the Little La Trobe Street site.
- Plunge column installations will commence in April and will involve the use of a piling rig, a crane and trucks.
- Levelling piles will commence in April using jackhammers and hand tools. This work will generate high levels of noise.
- Concrete pours to support piling and other minor works will take place as required from 6pm to 10pm on weekdays. These activities generate low levels of noise.
- Trucks will continue to use the loading zone on Little La Trobe Street to deliver and remove equipment, construction materials and excavated materials.

**La Trobe Street site works**

**La Trobe Street site**
7am to 10pm, Monday to Fridays, ongoing
7am to 6pm, Saturdays, ongoing

- Piling and plunge column installation works are continuing at the La Trobe Street site.
- These works require the use of piling rigs, cranes, and trucks.
- The following works will also commence:
  - shaft excavation using excavators
  - levelling piles using jackhammers and hand tools and,
  - construction of the ground floor slabs using a concrete pump and excavators.
- These activities are expected to generate medium to high levels of noise.
- Please refer to the ‘La Trobe Street Works Update’ at metrotunnel.vic.gov.au for more information.

**Groundwater monitoring**

**Bouverie, Franklin, Victoria, and Therry streets**
7am to 6pm, Monday to Fridays, 8pm to 5am, Monday to Fridays, under lane closures, as required

- There will be intermittent testing of previously installed groundwater wells on Victoria, Franklin, Bouverie, Swanston, A’Beckett and Therry streets, and Literature Lane on the road and footpath.
- This involves setting up small localised traffic controls on footpaths and overnight lane closures on Victoria, Therry and Bouverie streets.
- Traffic management will be in place to safely guide pedestrians, cyclists and motorists around the work areas.
- Local access for residents and businesses will be maintained at all times.
- These works are expected to generate low to medium levels of noise.

**Oversized deliveries**

**All sites**
10pm to 7am, ongoing

- An oversized crane will be delivered to the Little La Trobe Street site between 1am and 5am on Monday 6 April 2020.
- This will involve a crane being unloaded from a truck on Elizabeth Street, then tracked to the Little La Trobe Street site using mats.
- In addition to regular deliveries to site, out of hours deliveries will occur intermittently throughout April, to minimise traffic disruptions and ensure the safety of the public and our workers.
- Local access for residents and businesses will be maintained at all times.
- Traffic management will be in place to safely guide pedestrians, cyclists and motorists around the work areas.

---

**WORKS IN YOUR AREA**

**La Trobe Street site**

Please refer to the ‘La Trobe Street Works Update’ at metrotunnel.vic.gov.au for more information.
Traffic and transport impacts

To improve safety for pedestrians, workers and motorists around Metro Tunnel worksites, a speed limit reduction to 30 km/h has been proposed at the following locations:

• Franklin Street, between Swanston and Elizabeth streets (refer to map)
• A'Beckett Street, between Swanston and Elizabeth streets (refer to map)
• Stewart Street, between Franklin and A'Beckett streets (refer to map)

If you would like to provide feedback on this proposal, please phone the Metro Tunnel Project Information Line on 1800 105 105 or submit in writing via the online contact form at metrotunnel.vic.gov.au.

Ongoing

• Intermittent partial closures of footpaths on Victoria, Franklin, Bouverie and Therry streets to allow for groundwater monitoring
• Intermittent overnight lane closures on Victoria, Bouverie and Therry streets to allow for groundwater monitoring
• Partial footpath closure on the southern side of Franklin Street adjacent to the Franklin West acoustic shed to allow for downpipe rectification works for one day in early April
• The eastern entrance to Literature Lane is closed to motorists and pedestrians
• The dedicated eastbound bicycle lane and northern footpath on La Trobe Street adjacent to the La Trobe Street site is closed
• Further information about the detour routes during these closures are available at metrotunnel.vic.gov.au.

Indicative only

Health and safety
The health and safety of our workers is our key priority as we continue to deliver the Metro Tunnel Project, as is supporting social distancing measures in line with current health advice.

We have strict protocols in place to protect the safety of our construction workforce, including enhanced industrial cleaning arrangements, provision of personal protective equipment and measures to reduce staff contact, including staggered shifts.

For more information and advice about the outbreak of Coronavirus, please visit coronavirus.vic.gov.au.

Business support
Now more than ever, local businesses near our construction sites need your support. In these uncertain times, businesses are doing it tough. Where possible and in line with Government advice, please continue to shop local.
