

## CONSTRUCTION UPDATE

### PARKVILLE PRECINCT

#### JUNE - JULY 2020

Major works on the Metro Tunnel are underway in Parkville to build the new underground station. This update provides an outline of current and upcoming works in your area throughout June and July 2020.

#### Construction snapshot

Construction is continuing within the Parkville precinct during June and July and will include:

- Excavation and associated activities will commence at the Grattan Street east station box for the Royal Parade station entrance and future retail area.
- Permanent structure works are ongoing in the Grattan Street east station box with concrete pours, steel-fixing, and steel structure erection. The base slab is expected to be completed in June
- Piling works to construct the station entrance adjacent to the Peter MacCallum Cancer Centre will commence.

Some works outlined in this construction update extend beyond July 2020 to provide a longer term lookahead.

Further information on these works can be found overleaf or at [metrotunnel.vic.gov.au](http://metrotunnel.vic.gov.au).

#### When are we working?

#### Normal construction hours

7am to 6pm, Monday to Friday  
7am to 1pm, Saturdays

Some activities may be required to continue slightly past these hours. All efforts will be made to complete activities as scheduled.

#### Out of hours

Some works are required to take place out of normal construction hours. The timing of these works are outlined in the construction information overleaf.

#### 24 hours

24 hour works are sometimes required during peak construction activities. The timing of these works are outlined in the construction information overleaf.

# WORKS IN YOUR AREA

## Excavation and associated works

Grattan Street east, Royal Parade station entrance and retail area

From June 2020

- Excavation, strut installation, and associated activities to construct the Royal Parade station entrance and future retail area
- These works are expected to generate intermittent periods of medium to high level noise depending on the activity
- Hoarding modifications will take place on Royal Parade to facilitate station entrance construction. Pedestrian access will be maintained at all times.

## Permanent structure and associated works

Grattan Street east

Ongoing

- Works to construct the station box base slab, internal walls and columns, and other station levels are underway. This involves concrete pours, steel fixing, steel structure erection, and daily deliveries of steel, concrete, and formwork
- To facilitate concrete pours, there may be traffic changes on Grattan Street near the Leicester Street intersection to facilitate truck access and at times, concrete trucks may be required to exit via the Berkeley Street gate
- Concrete pouring activities may commence before 7am and extend beyond 6pm, Monday to Saturday. This may include the early arrival of concrete trucks to site
- These works are expected to generate low to medium levels of noise, depending on the activity.

## Site operation activities

Grattan Street east and City Ford

Ongoing

- Gantry cranes are being used to deliver and remove material, plant, and equipment to and from the station box
- During operation, the gantry cranes will move along the site on rails at a speed of around 1.8 km/h and make a noise similar to the reversing squawkers on trucks for safety reasons
- Trucks will wait at the City Ford site and enter via Berkeley streets and exit via Barry Street. At times, trucks may use the Royal Parade, Berkeley and Barry Streets, and eastern entrances to enter and exit the site
- At times, trucks will need to reverse into the site. All trucks will be fitted with broadband reversing squawkers
- Some equipment will be delivered out of hours to comply with VicRoads requirements for oversize vehicles.

## Station entrance works

Grattan Street west, between Flemington Road and Elizabeth Street/Royal Parade

From June 2020

- Piling around the site perimeter to support the structure and enable workers to safely carry out excavation, as a part of station entrance construction, adjacent to the Peter MacCallum Cancer Centre
- Following piling works, excavation and associated works will commence
- There will be daily deliveries of steel, and regular concrete pours
- During construction, trucks will access the site 10 to 20 times a day
- Construction vehicle access to site will be via the right hand turn from the Royal Parade southbound lane, and trucks will exit via the Grattan Street westbound lane turning right into Flemington Road
- General traffic will be unable to turn right into Grattan Street from Royal Parade southbound lane
- These works are expected to generate medium to high levels of noise
- Access for emergency services, hospitals and businesses will be maintained at all times
- Working hours are 6pm to 7am, Monday to Friday and 24 hours on weekends. Associated works, including deliveries and concrete pours, will be carried out between 7am and 6pm, Monday to Friday
- For further information about traffic changes on Grattan Street, between Flemington Road and Elizabeth Street/Royal Parade, please visit [metrotunnel.vic.gov.au](http://metrotunnel.vic.gov.au).

## Tunnelling

From North Melbourne to Parkville

From mid-May 2020

- The first TBM, Joan, commenced tunnelling towards Parkville in mid-May. The second TBM, Meg, commenced tunnelling towards Parkville in June
- On average the TBMs will move 10 metres every 24 hours
- Property condition surveys are being offered to eligible properties on the tunnel alignment based on a detailed environmental assessment. Offers are being made progressively, from the Arden Station site towards the Parkville Station site
- Properties located near tunnelling works will be contacted with further information before tunnelling occurs in their area.

## Business support

While the Metro Tunnel Project will be a significant boost for Melbourne, construction activities in a busy environment can be challenging for local businesses.

In response to this, our Business Support team assists businesses through the disruption and any permanent changes that take place.

We hope you will join us in supporting the **HealthSmart Pharmacy, 311 Grattan Street**. Please see the insert within this notification for more information. We look forward to promoting more businesses in 2020.
