WORKS NOTIFICATION

SITE HANDOVER
WEST FOOTSCRAY STATION
UNTIL LATE JULY 2020

The new third platform at West Footscray station is now complete. The Metro Tunnel Project is preparing to move out of the temporary construction site located at Cross Street, West Footscray and a previously closed section of the West Footscray station car park will soon reopen to the public.

**West Footscray station**
The new third platform opened at West Footscray station on Monday 6 July.

The new platform is part of major rail and station improvement works to support the future operation of the Metro Tunnel. The completed work also includes 1,200 metres of new track between Tottenham and West Footscray, as well as a new lift, stairs and a ramp at West Footscray station.

We would like to thank you for your patience as we completed these essential rail infrastructure works.

Please note Metro Tunnel works will continue to take place intermittently in your area, including service installation currently impacting the northern West Footscray station car park until early September.

**Cross Street construction site**
The Metro Tunnel Project will soon be moving out of the Cross Street construction site. A section of the northern West Footscray station car park will shortly be reinstated and returned for public use.

From August 2020, the Cross Street site (not including the previously closed car park area) will be handed over to the project team responsible for the Sunbury Line Upgrade to help facilitate future rail infrastructure works in the area. For more information about the Sunbury Line Upgrade, please visit [railprojects.vic.gov.au/sunburylineupgrade](http://railprojects.vic.gov.au/sunburylineupgrade)

**What we are doing**
- Removing portable site sheds using a small crane and flat bed trucks
- Removing temporary hoarding around the temporarily closed car park perimeter
- Completing minor car park repairs including asphalting and line marking
- Reinstating the kerb, which will involve breaking out concrete with a small excavator before forming and pouring concrete to create the new kerb
- Reinstating mulch around the car park entry point.
**When**
- 6 July to late-July 2020
- 7am to 6pm, Monday to Friday
- 7am to 1pm, Saturdays.

**What to be aware of**
- These works are expected to generate medium levels of noise and low levels of vibration
- Traffic controllers will be present at times to assist with vehicle, pedestrian and cyclist movements around the area. Please move carefully and follow the direction of traffic controllers at all times
- Further notification will be provided by the Sunbury Line Upgrade project regarding use of the Cross Street construction site from August 2020.

**Health and safety**
The health and safety of our workers and the community is our key priority as we continue to deliver the Metro Tunnel Project, as is supporting physical distancing measures in line with current health advice.

We have strict protocols in place to protect the safety of our construction workforce, including enhanced industrial cleaning arrangements, provision of personal protective equipment and measures to reduce staff contact, including staggered shifts.
