

**Tree removal**

**Site Establishment**

18 Sandown Road, Springvale

**From 9 November 2020**

Construction of a material and equipment storage site for the Metro Tunnel Project is progressing at 18 Sandown Road, Springvale.

Further to the works notification distributed in October 2020, this notice is to advise that eight trees within the site compound (see map), will be removed to enable the site to be built and accessed safely.

An arborist and ecologist will inspect and supervise the works to ensure fauna is not impacted during the removal.

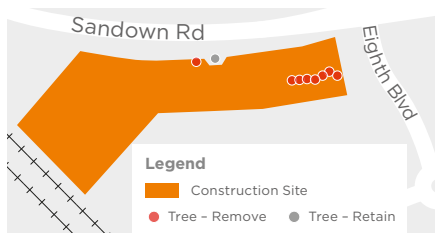

The trees will be mulched and local reuse options are being explored.

## When

- 7am to 6pm, Monday to Friday.

## What you should be aware of

- These works are expected to generate high levels of noise with dust mitigation methods in place on site.
