

Works Notification

Temporary partial closure of Edward Street Toorak

Thursday 26 August to Monday 30 August

Further to the previously notified 24-hour works within the rail corridor between South Yarra and Caulfield stations, a partial closure of Edward Street is required to ensure the safety of work force and the community.

What we are doing

- Installing underground signalling cable assets, conduits and a retaining wall within the rail corridor
- Delivering materials to and from our rail access point at Edward Street
- Works require the use of a concrete pump, an excavator, a crane and crews with hand tools.

When

24-hour rail works

- 8pm Friday 27 August to 3am Monday 30 August.

Temporary parking removal on Edward Street

- 6pm Thursday 26 August to 7am Monday 30 August.

- These works are expected to generate medium levels of noise with some high-level peaks. Where possible, higher impact works will be scheduled to take place during the day
- A temporary road closure, including parking removal, of Edward Street will be in place to ensure delivery activities to the rail access point are undertaken safely and efficiently. Additional truck movements will be required during this time
- Traffic management will be in place along Edward Street to facilitate local vehicles entering and exiting the road. Local residential access will be maintained during this time
- Generator-powered lighting towers are required while we complete night works. Where possible, lights will be positioned to face away from residential properties and noise reduction mats will be placed around generators.

What you should be aware of

Health and safety

Works on the Metro Tunnel project are progressing with strict COVIDSafe plans in place.

The health and safety of our workforce and community remains our top priority.

For more information and advice about the coronavirus (COVID-19), please visit coronavirus.vic.gov.au.
