

RAIL INFRASTRUCTURE ALLIANCE

WORKS NOTIFICATION

24/7 WORKS TOORAK ROAD TO HAWKS BURN STATION **FRIDAY 25 TO MONDAY 28 OCTOBER 2019**

In late October, 24/7 works will take place within the rail corridor between Chapel Street and Hawksburn station while trains aren't running. Works will involve the installation of signal foundations, overhead wires and cables along the rail corridor.

What we are doing

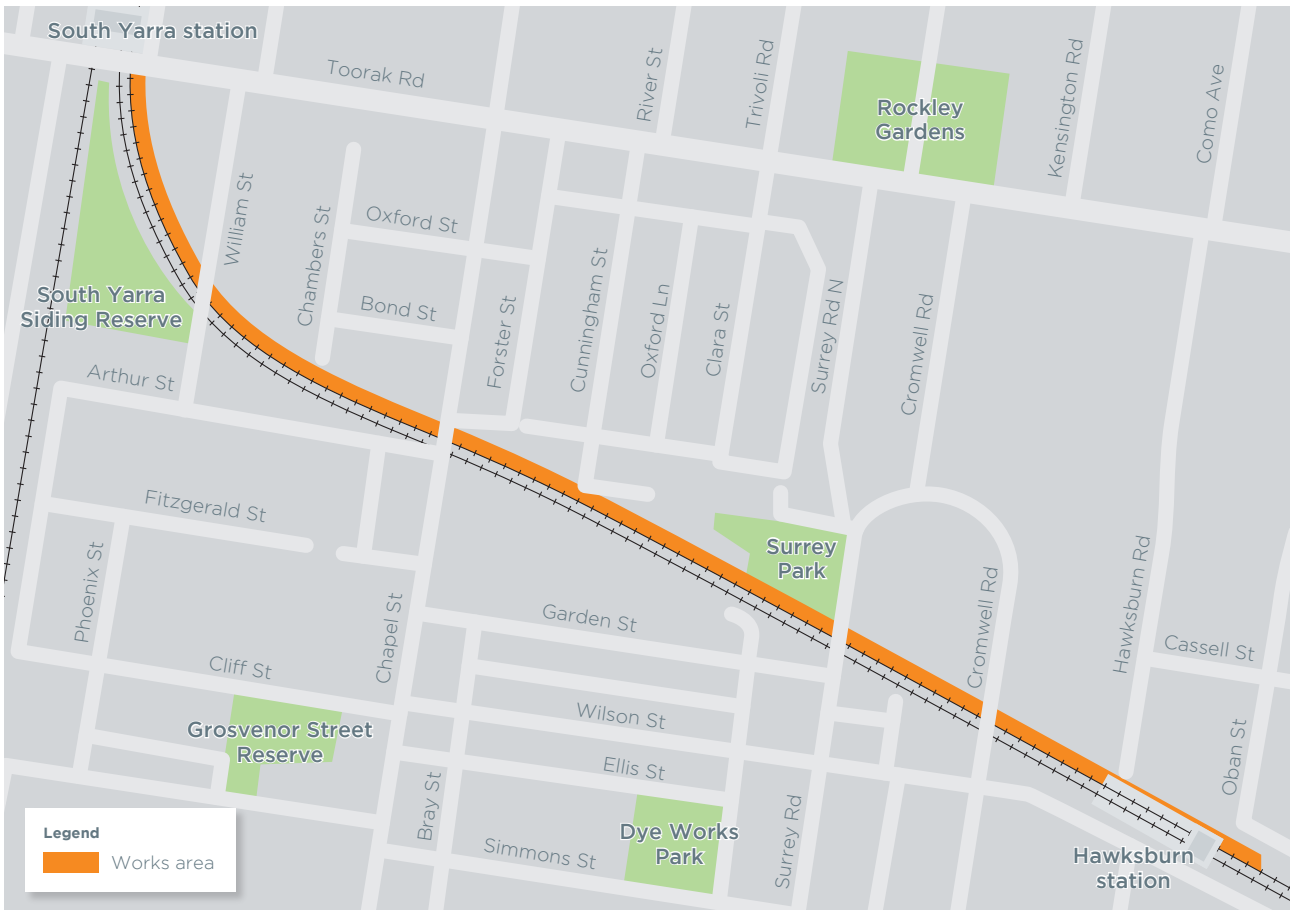

- Excavation and concrete pouring to install foundations for overhead structures
- Trenching works for underground conduit installation
- Running cables through new conduits and overhead structures.

When

- Friday 25 to Monday 28 October
- 24/7 works, beginning after the last passenger service on Friday evening and finishing before the first passenger service on Monday morning
- These works are required to take place while the rail lines are shut down to ensure the safety of our workers.

What to be aware of

- These works are expected to generate medium levels of noise, with some periods of high-level noise
- These works will be completed under directional lighting to ensure the safety of our workers. Every effort will be made to direct these lights away from homes
- Additional truck movements will be required as soil material is removed from the rail corridor.
