

## WORKS NOTIFICATION

### TRAFFIC CHANGES VICTORIA STREET, FOOTSCRAY 10 - 21 FEBRUARY 2020

Major construction is continuing along the Sunbury rail corridor, between the Maribyrnong River and Tottenham station, in preparation for the Metro Tunnel.

To enable the installation of essential communications, signalling and power cabling in the rail corridor near Middle Footscray station, temporary road closures will be in place along a section of Victoria Street, Footscray. This will allow us to investigate ground conditions and confirm the location of services before installing new infrastructure.

#### What we are doing

##### Site and service investigations

- Saw cutting small sections of road and using non-destructive digging trucks to expose and confirm the location of underground services
- Laying asphalt to reinstate the road to original condition.

##### Victoria Street closure

- Victoria Street, including bicycle lanes, will be closed to traffic between Raleigh and Buckley streets from 8pm to 5am each night for the duration of the works, with local detours in place
- Works will at times impact the pedestrian footpath on either side of Victoria Street, however one side will remain open at all times, with detours in place
- Property access will be maintained for residents and businesses.

#### When

- 8pm to 5am, Monday 10 February to Friday 21 February.

#### What to be aware of

- These works are expected to generate medium levels of noise and vibration
- There will be changed traffic conditions in the area including reduced speed limits, safety barriers and signage to direct vehicles
- Traffic controllers will be present to assist with vehicle, pedestrian and cyclist movements around the area. Please move carefully and follow the direction of traffic controllers at all times.

### KEY

-  Works area
-  Road closure
-  Road detour
-  Pedestrian access maintained
