WORKS NOTIFICATION
ROYAL PARADE PEDESTRIAN CHANGES - PARKVILLE PRECINCT

Further to the Parkville Station October construction update, please be advised a covered pedestrian walkway will be installed on Royal Parade to allow the safe movement of pedestrians during piling.

Works to install the covered pedestrian walkway on the footpath on the east side of Royal Parade in front of the Grattan Street work site will take place between 7am and 1pm on Saturday 20 October 2018.

During installation, there will be a partial closure of the southbound service lane on Royal Parade and pedestrians will be diverted to the footpath on the west side of Royal Parade. Traffic controllers and signage will be in place to direct pedestrians and cyclists safely around the work area.

The works will involve the use of a crane and are expected to generate intermittent periods of medium level noise.

The covered pedestrian walkway will be in place for approximately one month to ensure the safety of pedestrians while piling takes place adjacent to the footpath.

Cyclist access will be maintained using the cycling lane on Royal Parade.
