WORKS NOTIFICATION

INTERSECTION UPGRADE CHAPEL AND ARTHUR STREETS, SOUTH YARRA MONDAY 4 MARCH TO WEDNESDAY 27 MARCH 2019

Works to upgrade traffic and pedestrian signals at the intersection of Chapel and Arthur Street are required to improve truck, traffic and pedestrian safety around work sites within South Yarra. These works will involve some construction activities after hours.

What we are doing

Works will include:

- Installation of new traffic lights and a pedestrian crossing at the intersection of Chapel and Arthur streets
- Changing the phasing of traffic signals
- Removal of five car parking spaces on both sides of Chapel Street to allow for truck turning circles
- Relocating tram stop 49 30 metres south on Chapel Street
- Line marking and cable installation works.

A map overleaf shows the new intersection layout

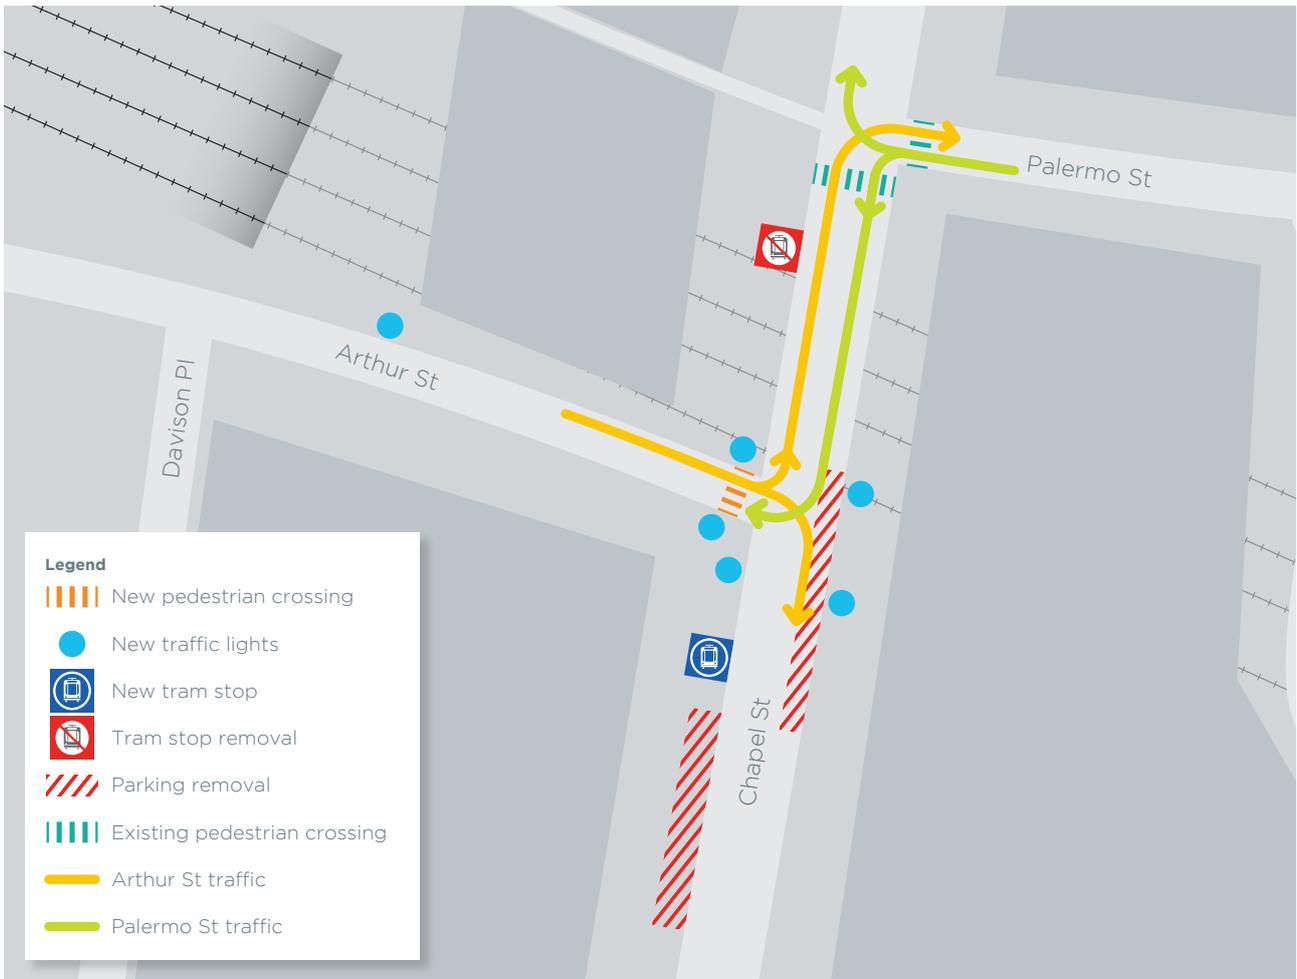

When

- 7am to 6pm, Monday 4 to Saturday 9 March
- 12am to 5am, Monday 25 to Wednesday 27 March.

Line marking, cable installation and traffic light upgrade works are required to take place at night to minimise impacts to traffic and trams.

What to be aware of

- Works to install the new traffic lights and relocate the tram stop will include saw cutting and concreting, which are expected to generate medium to high levels of noise
- All other works are expected to generate low levels of noise
- Traffic controllers will manage the safe movement of vehicles and pedestrians during these works
- Five car parking spaces will be removed on Chapel Street
- Residents are encouraged to be aware of the new pedestrian and traffic arrangements that will be in place once works are complete.
