

WORKS NOTIFICATION

24/7 RAIL WORKS AND TRAFFIC IMPACTS SOUTH YARRA

MONDAY 30 DECEMBER TO FRIDAY 31 JANUARY 2020

During January, major infrastructure upgrades continue for the Metro Tunnel as we prepare our network for bigger, better trains and deliver improvements for passengers across Victoria. These upgrades include 24/7 works in the rail corridor between South Yarra and Malvern stations. This work will include installing new track and additional rail infrastructure that will support the operation of the new train lines. To facilitate these works, we will be using several rail access locations along the rail corridor.

What we are doing

- Installing new rail track near Surrey Road that will allow trains to crossover from one track to another if required
- Delivering rail equipment and materials to the rail corridor via Railway Place, Hopetoun Grove and Palfreyman Street
- Installing a temporary ramp to facilitate access into the rail corridor at Palfreyman Street. This will be removed once works are finished in late January
- Trenching and excavation works along the corridor to install new rail track, cables and overhead wiring
- Removing vegetation within the rail corridor
- Installing new overhead structures that will hold the cables that supply power to the new trains.

When

Rail works

- 24/7, Wednesday 1 to Friday 31 January.

What to be aware of

- These works are expected to generate periods of medium level noise with some periods of high level noise as we deliver equipment to site, trench and lay track
- Directional lighting will be in place during this time, for worker safety. We will position lights so they face away from residential properties, where possible
- Some parking on Stables Lane, Hopetoun Grove and Palfreyman Street will be temporarily removed during this time to allow safe access in and out of the rail corridor while we complete these works. Parking will be reinstated as soon as possible
- Buses will be replacing trains during this time. To find out more visit www.ptv.vic.gov.au

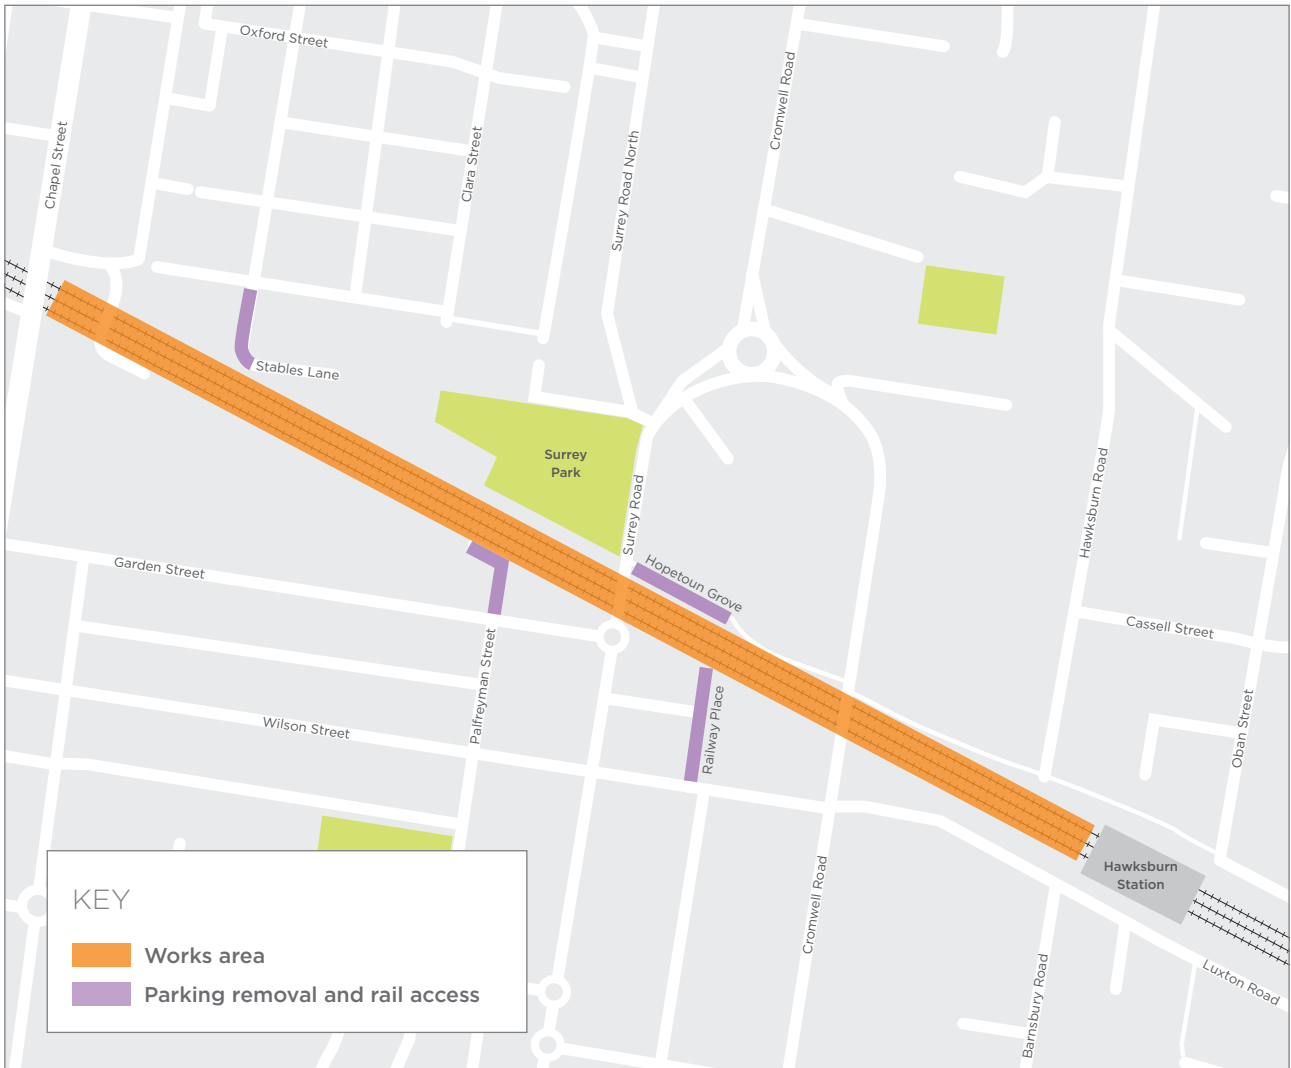

Parking removal

Hopetoun Grove

- Wednesday 1 to Sunday 12 January.

Stables Lane, Palfreyman Street and Railway Place

- Monday 30 December to Friday 31 January.

KEY

- Works area
- Parking removal and rail access
