

Works Notification

Relocatable equipment building (REB) works

Malvern Woodyard, Malvern

Tuesday 19 October to Saturday 27 November 2021

Internal fit-out of the previously installed REB at Malvern Woodyard is progressing. Works to connect power from the REB to the existing power supply will commence in mid-October.

What we are doing

- Excavating into the ground and laying down cable conduits, installing services and connecting electrical power from the REB to the existing power supply
- Works will involve an excavator, a non-destructive digging (NDD) truck and crews with hand tools.
- NDD uses pressurised water to dig and vacuum up soil to expose any existing underground services without damaging them.

When

- Tuesday 19 October to Saturday 27 November
- 7am to 5pm, Monday to Friday
- 7am to 1pm, Saturdays.

What you should be aware of

- These works are expected to generate medium to high levels of noise.

Health and safety

Works safely resumed from 5 October on the Metro Tunnel with COVID-Safe Plans in place to help protect workers and the community.

Strict processes are in place to check and record the vaccination status of workers entering construction sites.
