WORKS NOTIFICATION

TEMPORARY CAR PARK CONSTRUCTION TOTTENHAM

26 NOVEMBER – LATE DECEMBER 2018

The Metro Tunnel will create a new end-to-end line from Sunbury in the west to Cranbourne/Pakenham in the south east. Work to build the twin 9km tunnels and five new underground stations is now underway. A temporary car park will be constructed at Tottenham to support Metro Tunnel construction works at West Footscray station.

We will be building a new platform and track at West Footscray station. To enable construction of the new station platform, up to 40 parking spaces at West Footscray station will be occupied from early 2019 for laydown of construction materials and a crane for delivery of materials into the works zone.

A temporary car park will be constructed adjacent to the Tottenham station car park on Rupert Street to provide up to 40 car parking spaces while works are underway at West Footscray station.

What we are doing

Site preparation

- Delivery of temporary site office
- Installing temporary fencing
- Removal of up to five trees within the temporary car park area
- Some trimming of nearby trees will be required.

Temporary car park construction

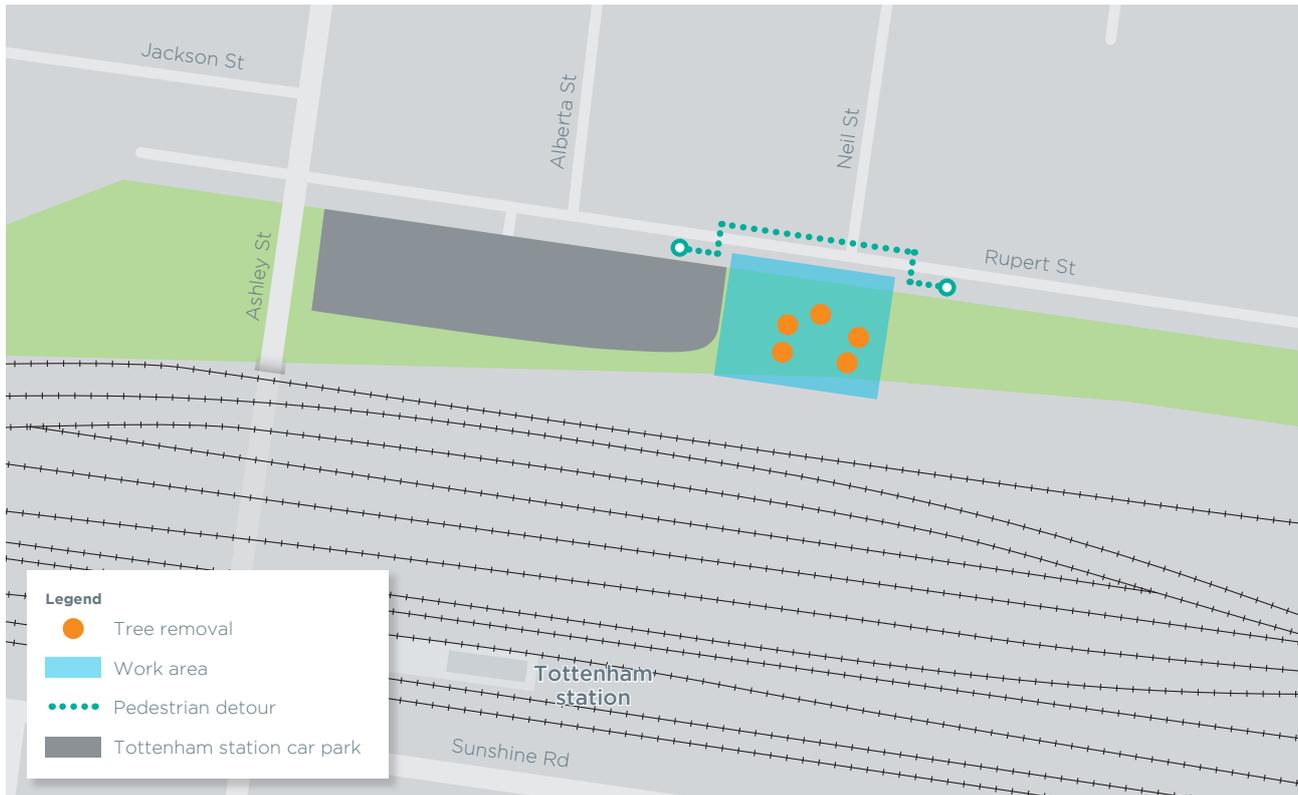

- Excavating existing materials
- Rolling and grading the excavated surface to prepare for new asphalt pavement materials
- Delivery of crushed rock and drainage pipes
- Installing drainage in the car park and connecting it to the existing storm water drain on Rupert Street
- Placing and compacting new asphalt
- Line marking new parking spaces and installing signage.

When

- 7am – 6pm, Monday to Friday
- 7am – 1pm, Saturdays
- No works on Sundays or public holidays unless otherwise notified.

What to be aware of

- The works are expected to generate periods of medium level noise during tree removal, trimming and car park construction. All other activities are expected to generate low levels of noise
- The works are expected to generate periods of medium level vibration during compacting works. All other activities are expected to generate low levels of vibration
- Closure of up to 40 car parking spaces at West Footscray station from early 2019
- A temporary footpath closure will be in place along a section of Rupert Street for three days between 3 December and 14 December to connect drainage to the existing storm water drain
- Traffic management will be in place to assist with vehicle and pedestrian movements.
