

## WORKS NOTIFICATION

### SERVICE INVESTIGATIONS – LOTHIAN STREET, NORTH MELBOURNE FROM TUESDAY 9 JULY 2019

Further to information provided in the June - July Arden Precinct Construction Update, service investigations will be undertaken on Lothian Street, North Melbourne, between Arden and Queensberry streets.

#### What we are doing

Service investigations are required to prepare for ground improvement works prior to the construction of a cross passage at this location.

Cross passages are short tunnels that connect the twin tunnels and are an important safety feature as they allow people and emergency services to move from one tunnel to the other in the event of an emergency.

There will be 26 cross passages located at regular distances along the tunnel alignment.

Service investigations involve identifying the location of underground utility services located in the road on Lothian Street. A non-destructive digging (NDD) truck will expose the underground services, verify their location and then reinstate the road to its existing condition.

#### When

- 7am to 6pm, Monday to Friday, and 7am to 1pm, Saturdays, from Tuesday 9 July for up to two weeks.

#### What to be aware of

- These works are expected to generate periods of medium to high levels of noise
- There will be closures in place on Lothian Street during these works

- These works will be staged to maintain traffic in one direction at all times with signage and traffic controllers in place during each closure
- Vehicle and pedestrian access to residential properties and businesses on Lothian Street will be maintained at all times.

#### Southbound closure

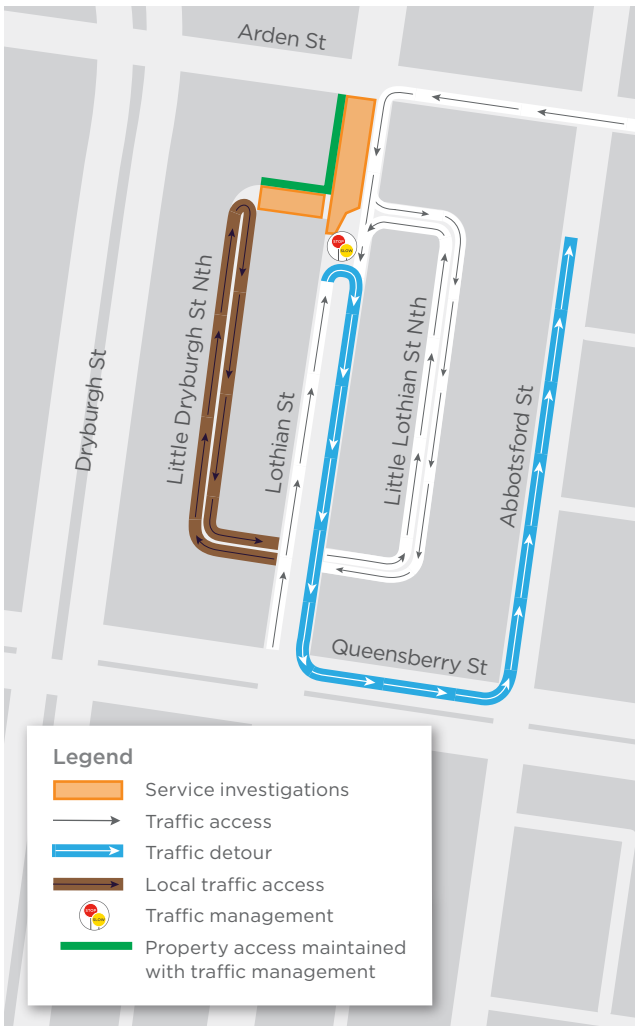

Vehicles will be unable to access Lothian Street from Arden Street. To access Lothian Street vehicles will detour via Dryburgh and Abbotsford streets to Queensberry Street. There will be no access to the northern entry of Little Dryburgh Street North via Lothian Street.

#### Northbound closure

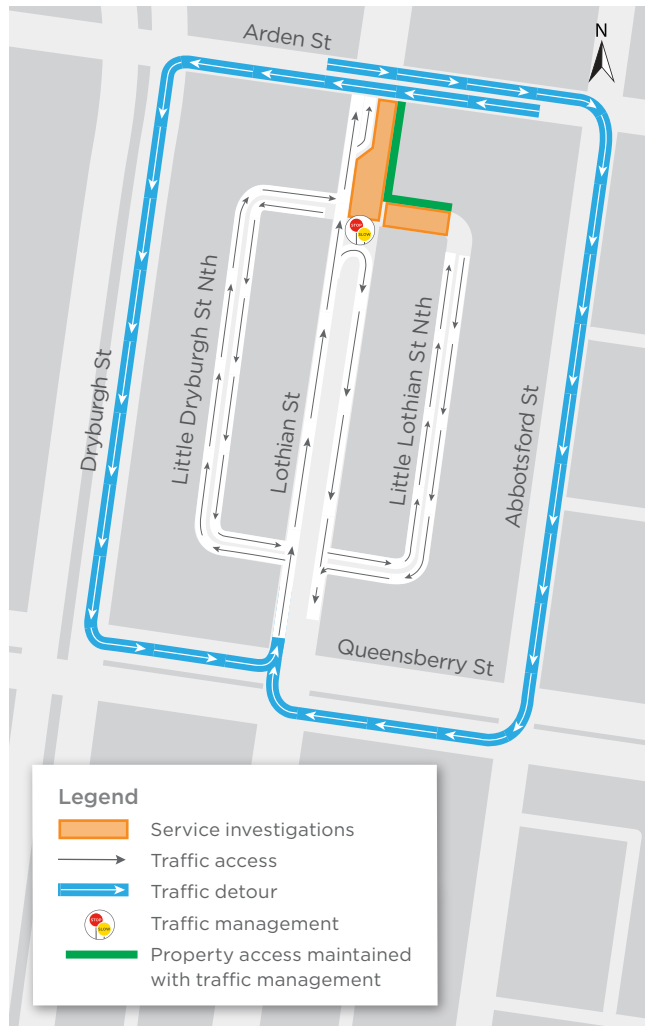

Vehicles will be unable to access Arden Street via Lothian Street. Vehicles travelling northbound on Lothian Street will perform a U-Turn near the intersection of Lothian Street and Little Dryburgh Street North and detour via Abbotsford Street to Arden Street. There will be no access to the northern entry of Little Lothian Street North from Lothian Street.

Please refer to map overleaf for details.

Further information about ground improvement works will be provided when service investigations are complete. If you have any questions or would like additional information, please phone the Metro Tunnel Project Information Line on **1800 105 105 (24 hours, 7 days a week)**.

Service investigation works - northbound closure

Service investigation works - southbound closure
