

WORKS NOTIFICATION

GAS SERVICE RELOCATIONS – LITERATURE LANE 6 MAY – 16 JUNE 2019

Major works on the Metro Tunnel are underway to support construction of the new State Library Station at the northern end of Swanston Street in the CBD.

Before piling works commence on Little La Trobe Street in August, existing gas services under Literature Lane need to be relocated. These works will be carried out by the gas service asset owner (APA).

What we are doing

Works to relocate gas services under Literature Lane will involve:

- Setting up traffic controls to safely guide motorists, pedestrians and cyclists around the work site (Literature Lane will be closed to motorists during work hours)
- Excavation of service trenches
- Installation of gas services
- Backfilling trenches and reinstating the road.

When

Gas service relocation works will take place between:

- 7am – 6pm, Monday to Friday
- 10am – 7pm, Sundays

What to be aware of

- Vehicles will not be permitted on Literature Lane during working hours.
- There will be no through access for motorists on Little La Trobe Street on Sundays or on Monday 13 and Monday 27 May during working hours (refer to map)
- Steel plates will be installed over the road at the end of each shift, allowing traffic to be reinstated outside of working hours
- Traffic management will be in place to safely guide pedestrians, cyclists, and motorists around the work area
- There will be high levels of noise during ground breaking, excavation and welding activities
- APA will contact any residents or businesses who may be directly affected by interruption to their gas supply during these works
- Pedestrian access will be maintained at all times.
