## WORKS NOTIFICATION

### EXTENDED CONSTRUCTION HOURS SOUTH YARRA SIDING RESERVE **WEDNESDAY 31 JULY TO SATURDAY 31 AUGUST**

Works to construct the tunnel entrance in South Yarra are progressing, with the final stage of the tunnel roof slab nearly complete. To ensure that the roof slab is secure and ready for the excavation of the tunnel, extended hours are required for steel fixing and tying works within the South Yarra Siding Reserve.

#### What we are doing

- Installing and fixing steel that will form the new tunnel roof
- There will be some welding as well as the lifting of steel and steel deliveries to site
- The works will be contained to a small section of the South Yarra Siding Reserve and will require the use of hand tools, and a small crane.

#### When

- Wednesday 31 July to Saturday 31 August
- 7am to 10pm Monday to Saturday.

#### What to be aware of

- These works are expected to generate low levels of noise, with some medium level noise when the crane is in operation
- Directional lighting will also be in place. We will ensure this is pointed away from residential properties where possible
- Additional truck movements as steel is delivered to site
- There will be one day of concrete pouring for the roof slab during this time. Residents will be notified of these works closer to the date.
