Major construction is continuing in the CBD at the site of the future Town Hall Station. This update provides an outline of current and upcoming works in your area throughout October.

Construction snapshot
Construction works are continuing within the Town Hall precinct during October and will include:

• Piling works at Flinders Quarter and Flinders Street
• Service relocation works on Flinders Street
• Deck construction works at Federation Square
• Acoustic shed construction works at City Square and Federation Square
• Excavation works at Flinders Quarter, City Square and Federation Square.

Further information on these works can be found overleaf or at metro_tunnel.vic.gov.au.

When are we working?

Normal construction hours
7am to 6pm, Monday to Friday
7am to 1pm, Saturdays

Some activities may be required to continue slightly past these hours. All efforts will be made to complete activities as scheduled.

Out of hours
Some works are required to take place out of normal construction hours. The timing of these works are outlined in the construction information overleaf.

24 hours
24 hour works are sometimes required during peak construction activities. The timing of these works are outlined in the construction information overleaf.

**WORKS OVERVIEW**

In September, the project team commenced piling works on Flinders Street following the implementation of the long-term closure of both eastbound lanes. These critical works are required for the future underground passenger connection. At City Square over 200 pre-cast concrete panels were installed on the acoustic shed and excavation works continued across all three sites.

**WORKS IN YOUR AREA**

**Driveway works**

Federation Square
24 hours, Monday to Fridays and 7am to 1pm Saturdays from late-October 2019

- Works to construct a driveway on the Swanston Street eastern footpath adjacent to the Federation Square site will commence in late-October
- These works will result in intermittent partial footpath closures.
- The southbound lanes on Swanston Street will be closed from Swanston Street, between 10pm and 5am for up to one week in late-October.

**Deck construction and strutting**

Federation Square
24 hours, Monday to Friday and 6am to 6pm Saturdays and Sundays, ongoing until November 2019

- The construction of a deck and strutting will involve regular deliveries of steel, the use of a crane and hand tools.
- These works are expected to generate low to medium levels of noise.

**Excavation**

Federation Square
24 hours, Monday to Friday and 6am to 6pm Saturdays and Sundays, ongoing throughout 2019

- Excavation works involve the use of excavators, a crane, and trucks to remove spoil.
- These works are expected to generate medium to high levels of noise and vibration.

**Acoustic shed construction**

City Square
24 hours, Monday to Saturday, until early-October 2019

- The City Square acoustic shed will be completed in early October. Remaining works include the installation of roof panels and a roller door.
- These works are expected to generate low levels of noise.

**Shaft excavaations and strutting**

City Square
7am to 10pm Monday to Friday and 7am to 4pm Saturdays

24 hours, Monday to Saturday and 9am to 5pm Sundays, from mid-October 2019

- Shaft excavation works involve the use of excavators, rock bolting equipment and trucks to remove spoil.
- Strutting involves the installation of steel supports inside the shaft to provide a structural frame during excavation works.
- Trucks will ingress the acoustic shed via Collins Street and egress via the new driveway located on the corner of Flinders Lane and Swanston street.
- These works are expected to generate medium levels of noise and vibration.
- 24 hour works and Sundays works will commence once the acoustic shed has been fully constructed.

**Oversized deliveries**

City Square
7am to 10pm Monday to Friday and 7am to 4am Saturdays

24 hours, Monday to Saturday and 9am to 5pm Sundays, from mid-October 2019

- There will be regular deliveries of steel struts to the City Square site.
- There will also be regular truck movements for the removal of spoil from excavation works.
- These deliveries are expected to generate low levels of noise.
- 24 hour and Sunday works will commence once the acoustic shed has been fully constructed.

**Stormwater connection works**

Collins Street
8pm to 6am, over three nights, from mid-October 2019

- Stormwater connection works will now occur in mid-October.
- These works will include non-destructive digging and saw cutting and are expected to generate medium to high levels of noise.

**Plunge piles**

Flinders Quarter
7am to 10pm, Monday to Friday and 7am to 5pm Saturdays, until December 2019

- Plunge pile works will occur within the Flinders Quarter site throughout October.
- Due to the location of the plunge piles these works need to occur outside of normal working hours.
- Piling works will occur until 8.30pm on weekdays. Only low-level noise works, such as concrete pours and site clean-up activities will continue until 11pm.

**Tower crane mobilisation**

Flinders Quarter
1am to 5am, late-October to early-November 2019

- The tower crane will now be mobilised to Flinders Quarter between late-October and early-November.
- This will require the use of heavy vehicles, light towers and hand tools.

**Gantry installation works**

Flinders Quarter
10am to 5am, late-October 2019

- An electrical gantry will be installed within the Flinders Quarter site over three nights in late-October.
- These works will require the use of an elevated works platform and hand tools.
Piling
Flinders Quarter
7am to 10pm, Monday to Friday and 7am to 9pm Saturdays, until November 2019
24 hours, between Wednesday 2 and Tuesday 8 October
- Piling works will continue around the perimeter of the Flinders Quarter site until November
- These works will involve the use of piling rigs, concrete trucks and excavators
- These works are expected to generate medium to high levels of noise.

Deliveries for piling and excavation works
Flinders Quarter
5am to 7am, Monday to Saturday, throughout October
- Deliveries of steel cages for piling works and truck movements for the removal of spoil from excavation works will occur outside of normal working hours due to permit requirements.
- Deliveries require the use of a semi-trailer and crane and are expected to generate low levels of noise.

Pile break back and capping beam works
Flinders Quarter
7am to 6pm, Monday to Friday and 7am to 1pm Saturdays, until November 2019
- Piles will be ‘broken back’ (levelled off) using a jackhammer and excavator. A capping beam will then be installed to prevent the piles from moving.
- These works will involve the use of an excavator with a hammer attachment and are expected to generate medium to high levels of noise.

Excavation
Flinders Quarter
7am to 10pm, Monday to Friday and 7am to 5pm Saturdays, ongoing throughout October 2019
24 hours, between Wednesday 2 and Tuesday 8 October
- Shaft excavation works involve the use of excavators, rock bolting equipment and trucks to remove spoil
- In October, shaft excavation works will continue until 8pm on weekdays
- Between Wednesday 2 and Tuesday 8 October there will be 24-hour drilling and excavation works within shaft A
- These works are expected to generate medium levels of noise and vibration.

Piling
Flinders Street
7am to 6pm, Monday to Friday and 7am to 4pm Saturdays, throughout October 2019
24 hours, Wednesday 2 until Tuesday 8 October 2019
- Piling works will continue on Flinders Street throughout October. Piling can only take place at a safe distance away from the tram stop and overhead lines during normal working hours.
- From 1am on Wednesday 2 October until 4:30am Tuesday 8 October there will be 24-hour piling works on Flinders Street between Degraves and Swanston streets while overhead lines are de-energized in coordination with Yarra Trams.
- These works are expected to generate high levels of noise.

Service relocations
Flinders Street, between Degraves and Swanston streets
6am to 6am, Sunday to Thursday, ongoing until December 2019
- Gas and sewer relocation works will take place on Flinders Street throughout October.
- An extended works area in the Flinders Street eastbound lane has been established. This will be in place until Wednesday 23 October.
- The Flinders Street north-south pedestrian crossing between Young & Jacksons and Flinders Street Station will be closed from 10pm to 6am, Sunday to Thursday until Friday 4 October.
- These works involve service scanning, saw cutting, non-destructive digging, micro-tunnelling and excavations.

Piling rig deliveries
Flinders Street
7am to 9am, ongoing until late-October 2019
- The mobilisation and demobilisation of piling rigs to Flinders Street must occur when trams are not operational.
- These deliveries are expected to generate low levels of noise.

Traffic and transport impacts
- Intermittent slowing and stopping of traffic on Collins Street between Russell Street and Swanston Street for oversized deliveries to City Square.
- Intermittent stopping of pedestrians on the corner of Swanston Street and Flinders Lane for the egress of construction vehicles from the City Square acoustic shed.
- An extended works area in the Flinders Street eastbound lane will remain in place until Wednesday 23 October.
- The Flinders Street north-south pedestrian crossing between Young & Jacksons and Flinders Street Station will be closed from 10pm to 6am, Sunday to Thursday until Friday 4 October.
- From 2am Wednesday 2 October until 4:30am on Tuesday 8 October, Route 70 and 75 tram services will run in sections, with no trams running between Stop 6 Russell Street and Stop 4 Elizabeth Street on Flinders Street.
- The Flinders Street Station will be closed.
- From 10pm to 4am, Sunday to Thursday until Friday 4 October, Flinders Street westbound lanes will be closed between Swanston Street and Elizabeth Street for gas works from 10pm to 6am until late-October.
- Intermittent Flinders Street westbound lane closures adjacent to Federation Square for oversized deliveries throughout October.
- Partial footpath closures on the eastern side of Swanston Street adjacent to Federation Square for driveway works in late October.
- Closure of Swanston Street southbound lanes from Flinders Street adjacent to Federation Square for driveway works in late October between 10pm and 5am for up to one week.
- Amenity sheds will be demobilised from Federation Square over two weeks in early October. This will result in intermittent Flinders Street westbound lane closures.

Ongoing
- Ongoing long-term closure of Flinders Street eastbound lanes between Swanston and Elizabeth Streets.
- Ongoing long-term closure of Flinders Street northern footpath adjacent to the Flinders Quarter site entrance.
- Ongoing long-term closure of the northern footpath on Flinders Lane between Swanston Street and Regent Place, with a pedestrian diversion in place to the southern footpath.
- Ongoing long-term closure of the southern footpath on Flinders Street adjacent to the Federation Square site, with pedestrian diversions in place through Federation Square.
- Temporary holding of traffic on Flinders Lane, Swanston and Collins streets for up to three minutes to enable the delivery of equipment and materials.
- Ongoing use of boom gate and swing gate controls to pedestrian and cyclist traffic on Swanston Street and Collins Street to facilitate safe truck ingress and egress.

Business support
While the Metro Tunnel Project will be a significant boost for Melbourne, construction activities in a busy environment can be challenging for local businesses. In response to this, our Business Support team assists businesses through the disruption and any permanent changes that take place.

Join us in supporting the CT Mart, 238 Flinders Street and the businesses around our Town Hall Station sites. Please see the flyer in this notification for more information.

We look forward to promoting more local businesses as the project progresses.
