

## WORKS NOTIFICATION

### TRAFFIC BARRIER RELOCATION - LA TROBE STREET **28 OCTOBER**

Further to the State Library Construction Update distributed earlier this month, we wish to advise that works will be required on La Trobe Street between **8pm Monday 28 October and 5am Tuesday 29 October 2019.**

#### What we are doing

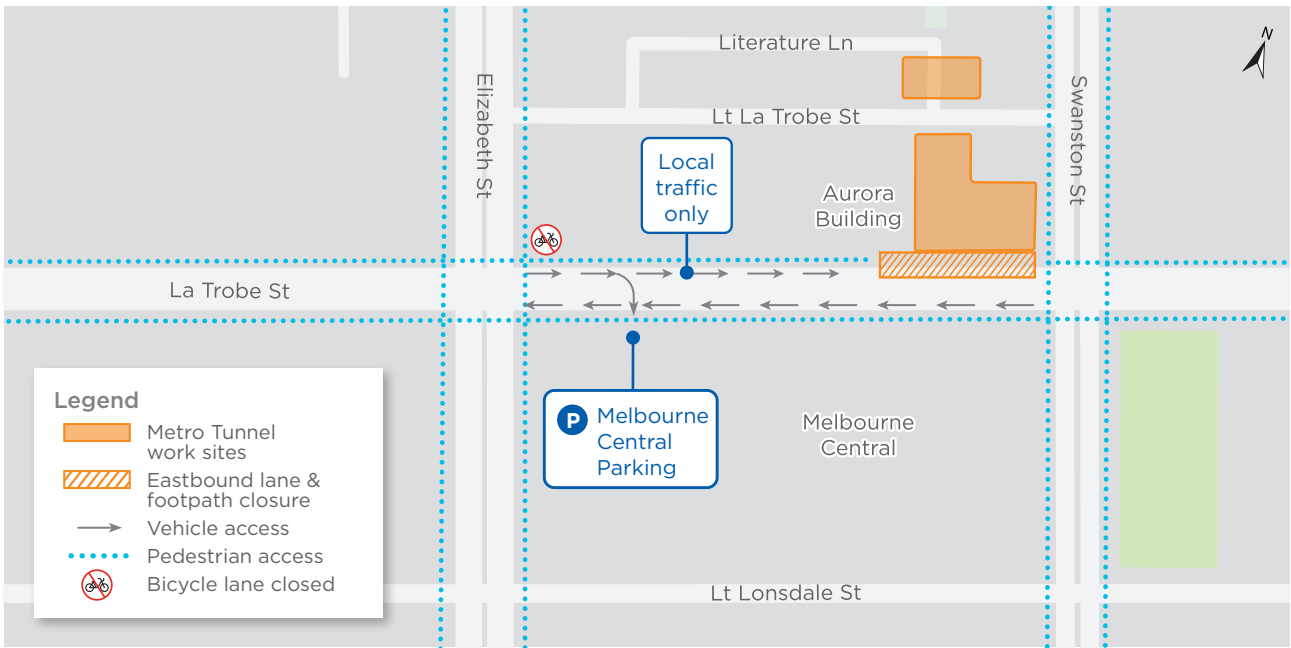

- Delivering a mobile crane to La Trobe Street
- Using the mobile crane to shift and install concrete barriers in front of the La Trobe Street site
- Installing absorb units using hand tools.

#### When

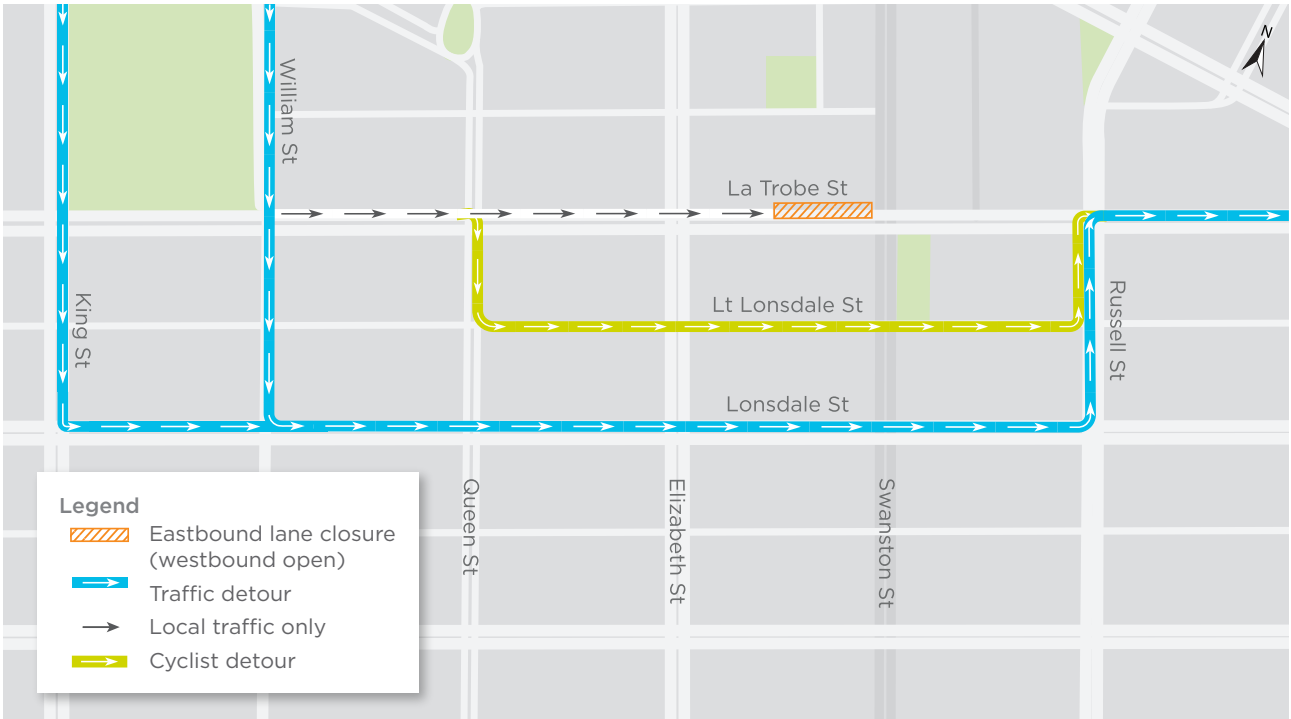

- 8pm, Monday 28 October to 5am, Tuesday 29 October 2019.

#### What to be aware of

- There will be no through access to Swanston Street travelling eastbound during these works (refer to map)
- Access to businesses and residential buildings will be maintained at all times
- These works are expected to generate low levels of noise. Noisier works will be completed earlier in the shift where possible
- These works are required to take place at night to minimise traffic disruption and for the safety of the public and our workers
- Traffic management will be in place to safely guide pedestrians, cyclists, and motorists around the work area.

### Bicycle and vehicle diversions during works
