

# Works Notification

## Temporary single lane closure on Chambers Street Chambers Street, South Yarra

**Tuesday 25 May to Tuesday 1 June 2021**

As part of the Communications Equipment Room and Signalling Equipment Room (CER/SER) works to install drainage and underground electrical conduits, a temporary single lane closure is required at the southern end of Chambers Street.

### What we are doing

- Installing drainage and underground electrical conduits within a small section of Chambers Street
- Non-destructive digging (NDD) is required to locate any existing underground services. NDD uses pressurised water to expose assets and services underground without damaging them
- Works will involve the use of an excavator, NDD truck, asphalt equipment and crews with hand tools.

### When

- 7am to 6pm, Tuesday 25 to Friday 28 May and Tuesday 1 June
- 7am to 1pm, Saturday 29 May.

### What you should be aware of

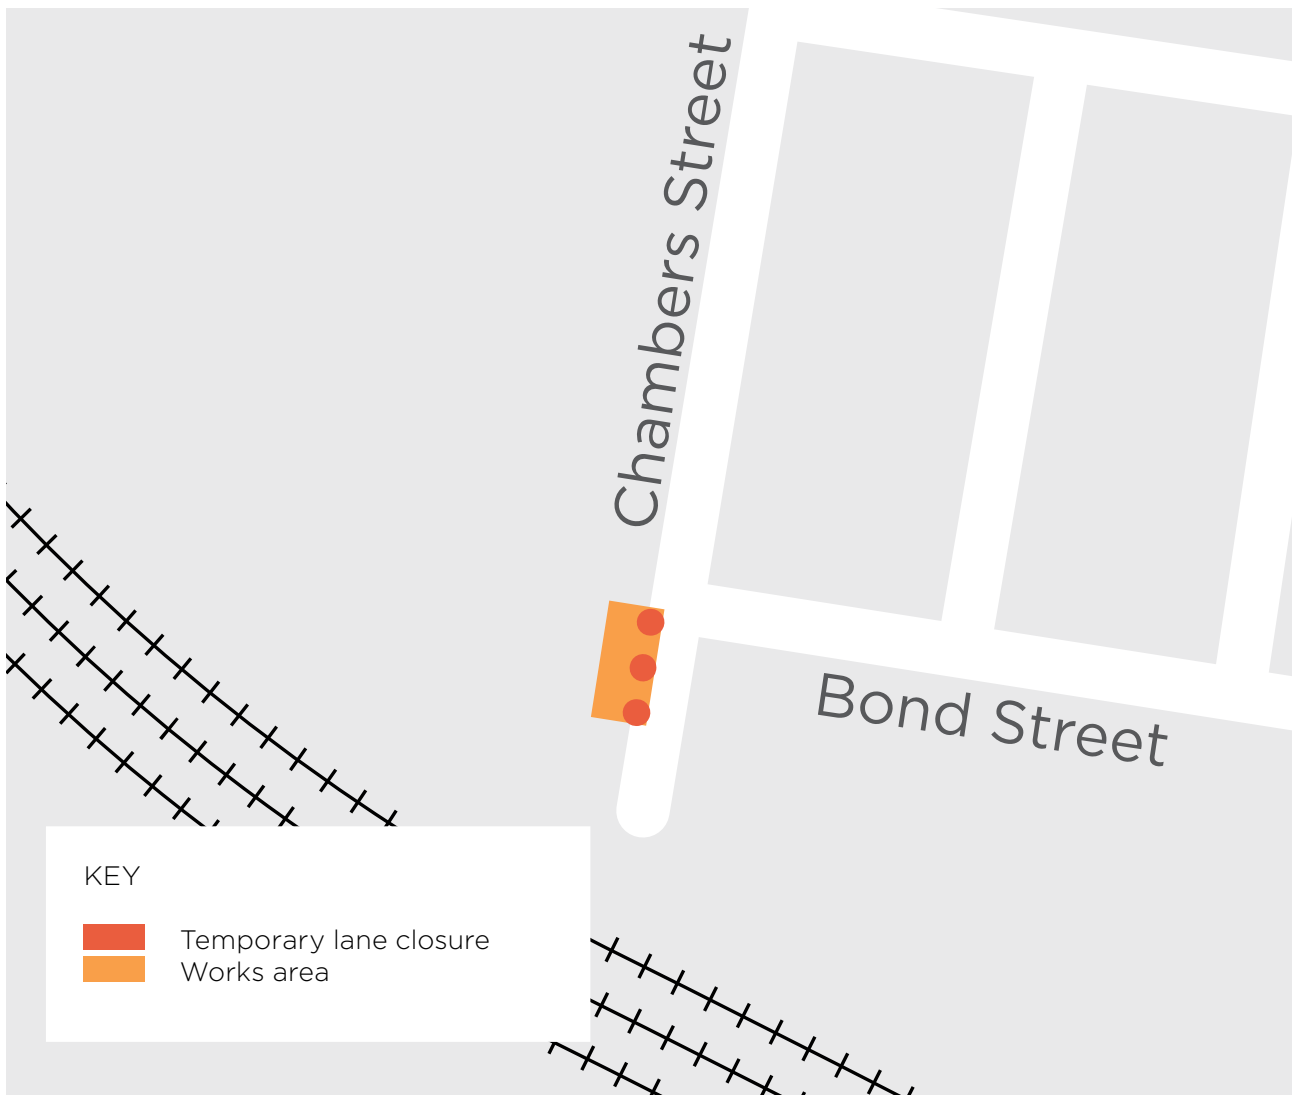

- A temporary lane closure is required along a small section of Chambers Street. See map overleaf
- Works are expected to generate medium levels of noise with high level peaks when the NDD truck is operating
- Traffic management will be in place along Chambers Street to safely facilitate traffic movements
- Local access will be maintained at all times. There will be minor and short term impacts to some property access. Impacted residents will be notified closer to the date.

### Health and safety

Works on the Metro Tunnel project are progressing with strict COVIDsafe plans in place.

The health and safety of our workforce and community remains our top priority.
