

Works Notification

Work and traffic update Kensington

Monday 21 June to Friday 25 June 2021

Further to the notification provided in early May, this notification provides an update on Metro Tunnel works and traffic management arrangements in place for businesses at the Lloyd Street Business Estate to support upcoming service installation in the rail corridor.

These works will continue from the activity that took place in May to verify the location of existing underground services along Bakehouse Road.

What we are doing

- Using a saw cutter to remove small sections of asphalt along Bakehouse Road to gain access to services under the road
- Work will involve the use of a (non-destructive digging) NDD truck to safely excavate holes to locate services and dig new post foundations, installing and concreting posts into the ground, and fixing steel boxes to the posts
- Reinstating the sections of road with asphalt and compacting the surface with a handheld compaction machine
- For the safety of workers due to the close proximity to the rail corridor, access to the work area will occur from Bakehouse Road. This will require short term closures of some parking spaces along Bakehouse Drive (see map overleaf)
- Access to the rail corridor will require the temporary removal of some fencing panels.

When

- Monday 21 June to Friday 25 June 2021
- Monday to Friday
- 7am to 6pm.

What to be aware of

- These works are expected to generate periods of high-level noise while using an NDD truck
- Traffic management will be in place along Bakehouse Road to safely facilitate traffic and access to businesses.

Health and safety

Metro Tunnel works are progressing safely under the current circuit breaker coronavirus (COVID-19) restrictions in Victoria.

Construction is an authorised industry and COVIDsafe Plans are in place on all our project sites. The health and safety of our workforce and community is our top priority.

Workers on all of Victoria's Big Build sites are currently required to wear face masks unless they meet any of the criteria for exception – such as a medical condition or to meet Occupational Health and Safety guidelines.

Physical distancing measures are in place, as well as increased hygiene practices. For more information and advice about the coronavirus (COVID-19), please visit coronavirus.vic.gov.au.

Key

- Parking closure and work
- Two-way traffic
- Single lane traffic (two-way access maintained)
- Traffic management in place
