Major construction is continuing in the CBD at the site of the future Town Hall Station. This update provides an outline of current and upcoming works in your area throughout November.

Last month, the project team worked around the clock on Flinders Street to successfully drill 12 critical piles adjacent to tram stop 5.

Across the road at Federation Square, a steel deck was completed over the shaft enabling the first beams of the acoustic shed to be lifted into place.

Within the City Square shed, an excavation depth of 17 metres below ground level has now been achieved. In December a roadheader will be delivered to the site to commence tunnelling works beneath Swanston Street.

Construction snapshot
Construction works are continuing within the Town Hall precinct during November and will include:

- Piling at Flinders Quarter and Flinders Street
- Service relocation works at Flinders Street
- Deck construction works at Flinders Quarter
- Acoustic shed construction works at Federation Square
- Excavation at Flinders Quarter, City Square and Federation Square sites.

Further information on these works can be found overleaf or at metrotunnel.vic.gov.au.

When are we working?

Normal construction hours
7am to 6pm, Monday to Friday
7am to 1pm, Saturdays

Some activities may be required to continue slightly past these hours. All efforts will be made to complete activities as scheduled.

Out of hours
Some works are required to take place out of normal construction hours. The timing of these works are outlined in the construction information overleaf.

24 hours
24 hour works are sometimes required during peak construction activities. The timing of these works are outlined in the construction information overleaf.
WORKS IN YOUR AREA

Driveway construction
Federation Square
10pm to 5am, from late-November 2019
- A vehicle egress will be constructed from the Federation Square site onto the south-east side of St Kilda Road
- This is in preparation for tunnelling works which will require regular truck movements to remove spoil from the site
- The footpath on the south-east side of St Kilda Road adjacent to the Federation Square site will be closed from 10pm to 5am to undertake these works
- The north-south pedestrian crossing between St Pauls and Federation Square will be closed from 10pm to 5am to undertake these works
- There will be intermittent partial footpath and lane closures during these works
- These works will involve saw cutting, asphalt and the use of hand tools
- Pedestrian access to businesses and residential buildings will be maintained at all times.

Excavation
Federation Square
24 hours, Sunday to Friday and Saturdays
6am to 6pm, ongoing throughout 2019
- Excavation involves the use of excavators, a crane and trucks to remove spoil from the site
- These works are expected to generate medium to high levels of noise and vibration
- In late-November a roadheader will be delivered to the Federation Square site. The roadheader will commence tunnelling works in December 2019.

Acoustic shed
Federation Square
24 hours, Sunday to Friday and Saturdays
6am to 6pm, ongoing until December 2019
- Acoustic shed construction includes regular deliveries, the use of a crane, elevated works platforms and hand tools
- These works are expected to generate low to medium levels of noise.

Acoustic shed
City Square
24 hours, Monday to Saturday and 9am to 5pm, Sundays, until mid-November 2019
- The City Square acoustic shed structure is now complete. Remaining works include the installation of noise reducing panels within the shed
- The roof panels will be installed using an elevated works platform and hand tools
- These works are expected to generate low levels of noise.

Shaft excavations and strutting
City Square
7am to 10pm, Monday to Friday and 7am to 4pm, Saturdays, ongoing throughout 2019
- Shaft excavation involves the use of excavators, rock bolting equipment and trucks to remove spoil from the site
- Strutting involves the installation of steel supports inside the shaft to provide a structural frame during excavation works
- Trucks will ingress the acoustic shed via Collins Street and egress via the driveway located on the corner of Flinders Lane and Swanston Street
- Low noise works may continue within the shed on Saturdays until 6pm. Once the noise reducing panels have been installed 24-hour weekday and Sunday works will commence
- These works are expected to generate medium levels of noise and vibration.

Oversized deliveries
City Square
7am to 10pm, Monday to Friday
7am to 4pm, Saturdays
9am to 5pm, Sundays, throughout November 2019
- There will be regular deliveries of steel struts and truck movements for the removal of spoil from the City Square site
- Trucks will ingress the acoustic shed via Collins Street and egress via the driveway located on the corner of Flinders Lane and Swanston Street
- These deliveries are expected to generate low levels of noise.

Deck installation
Flinders Quarter
24 hours, from Sunday 24 November until Wednesday 11 December 2019
- A steel deck will be constructed over the shaft located in Flinders Quarter
- This will involve regular deliveries of steel, the use of a crane, hammer drills and elevated work platforms
- Once completed, a temporary acoustic enclosure will be constructed over the shaft. This will minimise noise, dust and light impacts during tunnelling
- Only low-level noise works will continue from 10pm to 6am.

Tower crane mobilisation
Flinders Quarter
7am to 10pm, Thursday 28 to Friday 29 November
from 10am Saturday 30 November until midday Sunday 1 December 2019
- We previously advised this would occur between late-October and early-November. Due to a change to the works schedule, this will now commence in late-November
- The mobilisation of the Tower Crane will require regular semi-trailer deliveries via the Swanston Street driveway between Flinders Street and Flinders Lane
- Due to permit requirements these deliveries must occur outside of normal construction hours
- This will require the use of heavy vehicles, light towers and hand tools
- We anticipate these works will generate low to medium levels of noise.

Plunge columns
Flinders Quarter
7am to 10pm, Monday to Friday and 7am to 5pm, Saturdays, throughout November 2019
- There are over 50 plunge columns located throughout the Flinders Quarter site
- Plunge columns are located within the Flinders Quarter site.
• Due to the location of the plunge columns some of these need to be drilled outside of normal construction hours.
• Drilling will continue until 8:30pm on weekdays, concrete pours will continue until 10pm. There may be some intermittent low noise clean-up activities until 11pm as required.

Piling
Flinders Quarter
7am to 10pm, Monday to Friday and 7am to 5pm, Saturdays, throughout November 2019.

• Piling works will continue on the western perimeter of the Flinders Quarter site
• These works will involve the use of piling rigs, concrete trucks and excavators
• Piling is expected to generate medium to high levels of noise. Only low-level noise works such as concrete pours will be completed out of hours.

Deliveries for piling and excavation works
Flinders Quarter
5am to 7am, Monday to Saturday, throughout November 2019.

• Due to permit requirements there will be deliveries outside of normal construction hours. This will include spoil removal from excavation works and steel cage deliveries required for piling.
• Deliveries require the use of a semi-trailer and crane and are expected to generate low levels of noise.

Pile break back and capping beam works
Flinders Quarter
7am to 6pm, Monday to Friday and 7am to 1pm, Saturdays, throughout November 2019.

• Piles will be ‘broken back’ using a jackhammer and excavator. A capping beam will then be installed to prevent the piles from moving.
• These works will involve the use of an excavator with a hammer attachment and are expected to generate medium to high levels of noise.

Excavation
Flinders Quarter
7am to 10pm, Monday to Friday and 7am to 5pm, Saturdays, ongoing until mid-November 2019.

• Shaft excavations involve rock bolting, excavating, shotcreting, hammering and spoil removal.
• Only low-level noise works will continue outside of normal construction hours.
• These works are expected to generate medium to high levels of noise and vibration.

Piling
Flinders Street
7am to 6pm, Monday to Friday and 7am to 1pm, Saturdays, throughout November 2019.

• Piling works will continue on Flinders Street between Degraves and Swanston streets.
• These works will involve the use of piling rigs, concrete trucks and excavators.
• Piling is expected to generate medium to high levels of noise.

Piling rig deliveries
Flinders Street
1am to 5am, intermittently throughout November 2019.

• The mobilisation and demobilisation of piling rigs to Flinders Street must occur when trams are not operational.
• These deliveries are expected to generate low levels of noise.

Service investigations
Flinders Street, between Degraves and Swanston streets
7am to 6pm, Monday to Friday and 7am to 1pm, Saturdays, intermittently throughout November 2019.

• Service investigations will occur throughout November within the Flinders Street construction site using a non-destructive drilling rig.
• Impacted stakeholders will be provided more information prior to these works occurring outside of normal construction hours.

Service relocations
Flinders Street, between Degraves and Swanston streets
10pm to 5am, Sunday to Thursday, ongoing until December 2019.

• Sewer and water relocation works will continue on Flinders Street between Degraves and Swanston streets until December.
• The Flinders Street north-south pedestrian crossing between Young and Jacksons and Flinders Street Station will be closed from 10pm to 5am, Sunday to Thursday, until mid-November to undertake sewer relocation works.
• There will be intermittent partial footpath and lane closures on Flinders Street during pedestrian crossing construction works.

Traffic and transport impacts

• The pedestrian footpath on the south-east side of St Kilda Road adjacent to the Federation Square site will be closed from 10pm to 5am to undertake driveway construction in late-November.
• The north-south pedestrian crossing between St Pauls and Federation Square will be closed from 10pm to 5am to undertake driveway construction in late-November.
• The Flinders Street north-south pedestrian crossing between Young and Jacksons and Flinders Street Station will be closed from 10pm to 5am, Sunday to Thursday, until mid-November to undertake sewer relocation works.
• Footpath finishing works

Flinders Street, between Elizabeth and Degraves streets
8pm to 6am, until early-November 2019.

• There will be works to reinstate paving located on the Flinders Street northern and southern footpaths between Elizabeth and Degraves streets.
• This will include saw cutting and the use of hand tools and may result in intermittent periods of high levels of noise.

Kerb construction
Flinders Street, between Degraves and Swanston streets
10pm to 5am, Sunday to Thursday, from mid-November to late-November 2019.

• The existing kerb located on the Flinders Street northern footpath adjacent to Young and Jacksons will be extended to accommodate additional pedestrian traffic.
• The Flinders Street north-south pedestrian crossing between Young and Jacksons and Flinders Street Station will be closed from 10pm to 5am from mid-November to late-November to undertake these works.
• Pedestrian access to businesses and residential buildings will be maintained at all times.

Pedestrian crossing construction
Flinders Street, between Swanston and Russell streets
9:30am to 4pm, Monday to Saturday and 10pm to 5am, Monday to Saturday, throughout November 2019.

• Works to construct a pedestrian crossing on Flinders Street adjacent to Hosier Lane and the Federation Square atrium will commence in November.

• These works will involve non-destructive digging, excavation and saw cutting.
• Impacted stakeholders will be contacted with more information prior to these works commencing.
• There will be intermittent partial footpath and lane closures on Flinders Street during these works.
• Pedestrian access to businesses and residential buildings will be maintained at all times.
• The new crossing is expected to open in December 2019.

Footpath finishing works
Flinders Street, between Elizabeth and Degraves streets
8pm to 6am, until early-November 2019.

• There will be works to reinstate paving located on the Flinders Street northern and southern footpaths between Elizabeth and Degraves streets.
• This will include saw cutting and the use of hand tools and may result in intermittent periods of high levels of noise.

Traffic and transport impacts

• The pedestrian footpath on the south-east side of St Kilda Road adjacent to the Federation Square site will be closed from 10pm to 5am to undertake driveway construction in late-November.
• The north-south pedestrian crossing between St Pauls and Federation Square will be closed from 10pm to 5am to undertake driveway construction in late-November.
• The Flinders Street north-south pedestrian crossing between Young and Jacksons and Flinders Street Station will be closed from 10pm to 5am, Sunday to Thursday, until mid-November to undertake sewer relocation works.
• There will be intermittent partial footpath and lane closures on Flinders Street during pedestrian crossing construction works.

Ongoing

• Intermittent slowing and stopping of traffic on Collins Street between Russell and Swanston Street for deliveries to City Square.
• Intermittent stopping of pedestrians on the corner of Swanston Street and Flinders Lane for the egress of construction vehicles from the City Square acoustic shed.
• Ongoing long-term closure of Flinders Street eastbound lanes between Swanston and Elizabeth streets.
• Ongoing long-term closure of Flinders Street northern footpath adjacent to the Flinders Quarter site entrance.
• Ongoing long-term closure of the southern footpath on Flinders Street adjacent to the Federation Square site, with pedestrian diversions in place through Federation Square.
• Temporary holding of traffic on Flinders Lane, Swanston and Collins streets for up to three minutes to enable the delivery of equipment and materials.
• Ongoing use of boom gate and swing gate control to pedestrian and cyclist traffic on Swanston and Collins streets to facilitate safe truck ingress and egress.

Kerb construction
Flinders Street, between Degraves and Swanston streets
10pm to 5am, Sunday to Thursday, from mid-November to late-November 2019.

• The existing kerb located on the Flinders Street northern footpath adjacent to Young and Jacksons will be extended to accommodate additional pedestrian traffic.
• The Flinders Street north-south pedestrian crossing between Young and Jacksons and Flinders Street Station will be closed from 10pm to 5am from mid-November to late-November to undertake these works.
• Pedestrian access to businesses and residential buildings will be maintained at all times.

Pedestrian crossing construction
Flinders Street, between Swanston and Russell streets
9:30am to 4pm, Monday to Saturday and 10pm to 5am, Monday to Saturday, throughout November 2019.

• Works to construct a pedestrian crossing on Flinders Street adjacent to Hosier Lane and the Federation Square atrium will commence in November.

• These works will involve non-destructive digging, excavation and saw cutting.
• Impacted stakeholders will be contacted with more information prior to these works commencing.
• There will be intermittent partial footpath and lane closures on Flinders Street during these works.
• Pedestrian access to businesses and residential buildings will be maintained at all times.
• The new crossing is expected to open in December 2019.

Footpath finishing works
Flinders Street, between Elizabeth and Degraves streets
8pm to 6am, until early-November 2019.

• There will be works to reinstate paving located on the Flinders Street northern and southern footpaths between Elizabeth and Degraves streets.
• This will include saw cutting and the use of hand tools and may result in intermittent periods of high levels of noise.

Traffic and transport impacts

• The pedestrian footpath on the south-east side of St Kilda Road adjacent to the Federation Square site will be closed from 10pm to 5am to undertake driveway construction in late-November.
• The north-south pedestrian crossing between St Pauls and Federation Square will be closed from 10pm to 5am to undertake driveway construction in late-November.
• The Flinders Street north-south pedestrian crossing between Young and Jacksons and Flinders Street Station will be closed from 10pm to 5am, Sunday to Thursday, until mid-November to undertake sewer relocation works.
• There will be intermittent partial footpath and lane closures on Flinders Street during pedestrian crossing construction works.

Ongoing

• Intermittent slowing and stopping of traffic on Collins Street between Russell and Swanston Street for deliveries to City Square.
• Intermittent stopping of pedestrians on the corner of Swanston Street and Flinders Lane for the egress of construction vehicles from the City Square acoustic shed.
• Ongoing long-term closure of Flinders Street eastbound lanes between Swanston and Elizabeth streets.
• Ongoing long-term closure of Flinders Street northern footpath adjacent to the Flinders Quarter site entrance.
• Ongoing long-term closure of the southern footpath on Flinders Street adjacent to the Federation Square site, with pedestrian diversions in place through Federation Square.
• Temporary holding of traffic on Flinders Lane, Swanston and Collins streets for up to three minutes to enable the delivery of equipment and materials.
• Ongoing use of boom gate and swing gate control to pedestrian and cyclist traffic on Swanston and Collins streets to facilitate safe truck ingress and egress.

Kerb construction
Flinders Street, between Degraves and Swanston streets
10pm to 5am, Sunday to Thursday, from mid-November to late-November 2019.

• The existing kerb located on the Flinders Street northern footpath adjacent to Young and Jacksons will be extended to accommodate additional pedestrian traffic.
• The Flinders Street north-south pedestrian crossing between Young and Jacksons and Flinders Street Station will be closed from 10pm to 5am from mid-November to late-November to undertake these works.
• Pedestrian access to businesses and residential buildings will be maintained at all times.

**Business support**

While the Metro Tunnel Project will be a significant boost for Melbourne, construction activities in a busy environment can be challenging for local businesses. In response to this, our Business Support team assists businesses through the disruption and any permanent changes that take place.

Join us in supporting Lost & Found Bar, 250 Flinders Street and the businesses around our Town Hall Station sites.

Please see the flyer in this notification for more information.

We look forward to promoting more local businesses as the project progresses.

**We are taking a break**

Please be advised that the Metro Tunnel Project will take a break from construction from Saturday 2 November. Works will recommence on Thursday 7 November.

During the closure period, the site will be secured with regular security patrols. Members of the project team will be on call during this time to directly respond to any issues that arise.

There may be minor works taking place during this time. Further information will be provided if works are to occur.

**More information**

To find out more about the Metro Tunnel Project and register for future email updates:
