

WORKS NOTIFICATION

CONCRETE POURS AND GROUNDWATER WELL INSTALLATION JULY 2020

Major works on the Metro Tunnel are underway to support construction of the new State Library Station at the northern end of Swanston Street in the CBD.

Sections of Little La Trobe Street will be closed to motorists in July to safely facilitate large continuous concrete pours at the La Trobe and Little La Trobe Street sites, and to install a groundwater well on Little La Trobe Street.

What we are doing

La Trobe and Little La Trobe Street sites - Concrete pours

- Large continuous concrete pours will occur at the La Trobe Street and Little La Trobe Street sites
- A concrete pump will be temporarily installed on Little La Trobe Street, adjacent to the La Trobe Street site from 7am to 6pm on Tuesday 14 July and Friday 24 July (refer to map)
- A concrete pump will also be temporarily installed on Little La Trobe Street, adjacent to the Little La Trobe Street site from 7am to 6pm on Tuesday 21 July and Thursday 30 July (refer to map)
- To accommodate the temporary concrete pumps, sections of Little La Trobe Street will be closed to motorists during these works (refer to map)
- Concrete pours must be continuous to ensure structural integrity and therefore will take place within the La Trobe and Little La Trobe Street sites from 7am until 10pm
- Following the completion of concrete pours, concrete finishing works will take place at the La Trobe Street site from 10pm to 6am as required

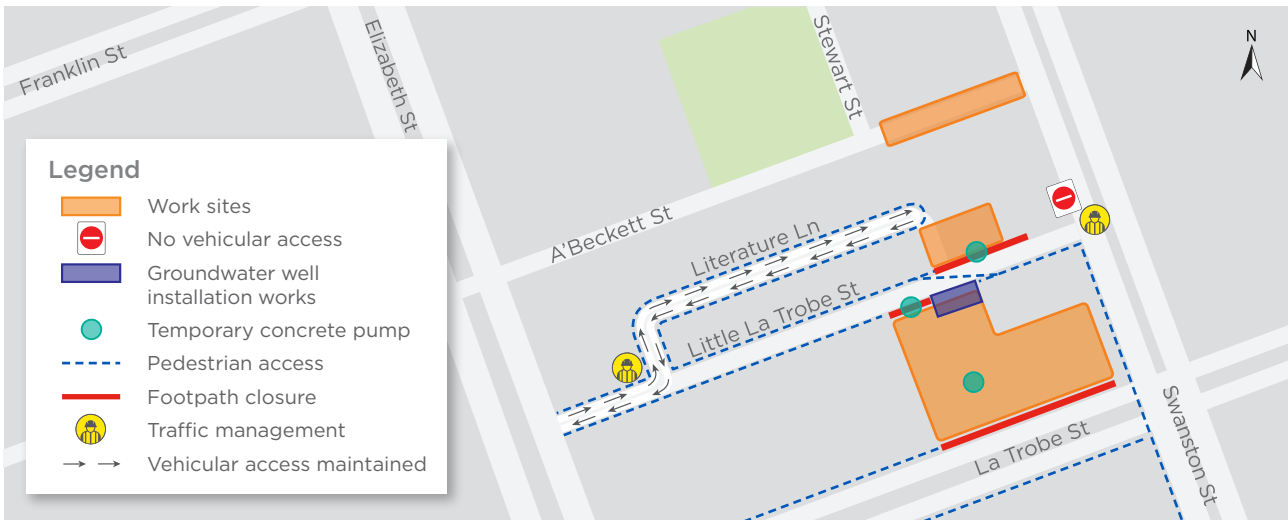

- Concrete pours and concrete finishing works will require the use of concrete trucks, a concrete pump, concrete vibrators, hand tools, and concrete finishing equipment
- These works are expected to generate medium levels of noise.

Little La Trobe Street - Groundwater well installation

- A groundwater well will be installed on Little La Trobe Street (refer to map)
- To accommodate these works, sections of Little La Trobe Street will be closed to motorists from 9am to 6pm on Sunday 19 July and from 7am to 6pm on Monday 20 July
- These works will require the use of a drill rig and truck and are expected to generate medium levels of noise.

What to be aware of

- During the closures, Little La Trobe Street and Literature Lane will be accessible via Elizabeth Street (refer to map)
- Access to businesses and residential buildings will be maintained at all times
- Traffic management will be in place during works to safely guide pedestrians, cyclists, and motorists around the work area.
