WORKS NOTIFICATION

OUT OF HOURS WORKS
LEUNIG PLACE AND RYAN STREET, FOOTSCRAY
15-19 AUGUST

Further to the August construction update distributed this month, we wish to advise you of additional out of hours works in your area.

Major construction is continuing along the Sunbury Line in preparation for the Metro Tunnel.

Buses will replace trains on sections of the Sunbury Line from Thursday 15 August to Monday 19 August, during which works will take place 24 hours a day along the rail corridor between Tottenham station and the Maribyrnong River.

To facilitate safe access into the rail corridor for specialised vehicles during these works, a temporary rail access site will be constructed on a vacant block of land at Leunig Place, Footscray. We will also be delivering concrete into the rail corridor from Ryan Street, Footscray to support cabling installation.

What we are doing

Site access construction and use

- Excavating excess soil and installing a rubber access pad using hand tools
- Accessing the rail corridor with construction vehicles on a 24 hour basis.

Concrete delivery

- Setting up a concrete truck and pump on Ryan Street, Footscray
- Pumping concrete into the rail corridor.

When

Site access construction and use

- 8pm, Thursday 15 August to 4am, Monday 19 August.

Concrete delivery

- 7am to 7pm, Saturday 17 August
- 7am to 7pm, Sunday 18 August.

What to be aware of

- These works are expected to produce medium levels of noise and vibration
- During these works, Leunig Place will be closed to public traffic, with traffic controllers present to manage access for pedestrians and local residents. Local access to Ryan Street will also be maintained
- The use of generator-powered lighting towers will be required during nightworks. We will work closely with residents to manage light impacts
- An increase in construction machinery will be travelling on local roads to access the rail corridor. Traffic controllers will be present at times to assist construction vehicle access, pedestrians and cyclist movements around construction sites
- For the safety of rail users and our workers, these activities can only be performed safely when trains are not running.
Travel changes
To ensure the 24-hour works can take place safely, buses will replace trains on sections of the Sunbury line from 8.30pm to last service on Thursday 15 August, and from 12.30am Saturday 17 August to the last service on Sunday 18 August.
