

## WORKS NOTIFICATION

### ACOUSTIC SHED – FRANKLIN STREET WEST OCTOBER – LATE 2019

Works to install a temporary acoustic shed are underway at Franklin Street West. The shed will enclose the work site and minimise noise, light and dust during tunnelling activities. An overhead gantry will also be installed at the intersection of Stewart and Franklin streets during this time.

#### What we are doing

- Delivering steel and materials to the Franklin Street West site
- Installing structural elements such as columns and beams using a crane and rattle guns
- Installing roof safety mesh and handrails using an elevated work platform
- Installing cladding, power and lighting using elevated work platforms and a crane
- Delivering and assembling a crane at the intersection of Stewart and Franklin streets
- Installing an overhead gantry at the intersection of Stewart and Franklin streets.

#### When

##### Acoustic shed

- 7am to 6pm, Monday to Saturdays.

##### Crane delivery and assembly

- 9pm Thursday 7 November to 10am Saturday 9 November.

##### Overhead gantry installation

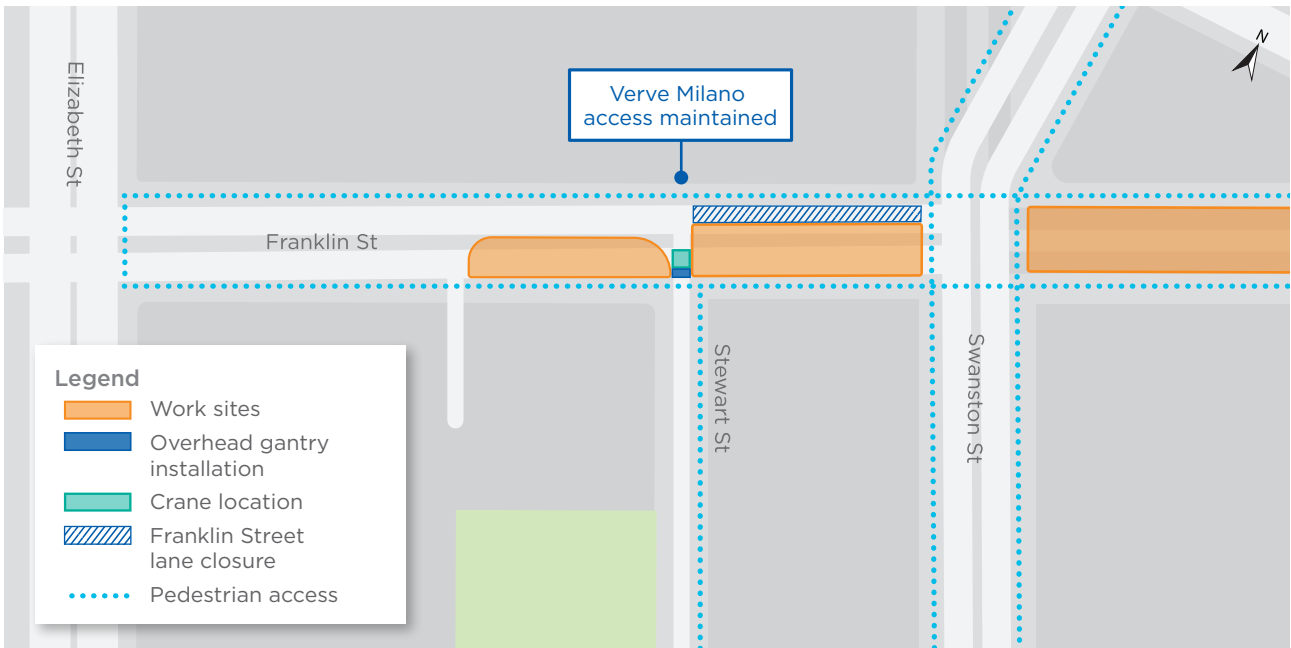

- One night in Late November.

##### Eastbound lane closure until late 2019

- 7am to 5pm, Monday to Saturdays.

#### What to be aware of

- There will be day and night closures at the intersection of Franklin and Stewart streets during crane and overhead gantry installations. Additional information will be provided to directly impacted stakeholders
- Traffic management will be in place during works to safely guide pedestrians, cyclists, and motorists around the work area
- There will be intermittent closures of the southern footpath between Swanston and Stewart streets during scaffold removal and cladding installations
- Following completion of the acoustic shed, a westbound traffic lane will be reinstated from Swanston Street. Additional information will be available closer to the time
- Access to businesses and residential buildings will be maintained at all times.
