

Works Notification

24-hour rail works

Railway Crescent, Cremorne

Thursday 19 August to Monday 23 August 2021

As part of works to connect the existing rail lines to the Metro Tunnel, we will be undertaking 24-hour rail works within the rail corridor between White Street and South Yarra station. To support works within the corridor a temporary parking closure on Railway Crescent is required.

What we are doing

- Installing underground rail assets and conduits within the rail corridor
- Works will require the use of an excavator, a non-destructive digging (NDD) truck and crews with hand tools. NDD uses pressurised water to dig and then vacuum up the soil to expose assets and services underground without damaging them.

When

24-hour rail works

- 8pm Friday 20 August to 3am Monday 23 August.

Temporary parking removal on Railway Crescent

- 6pm Thursday 19 August to 7am Monday 23 August.

What you should be aware of

- Additional truck movements will be required along Railway Crescent and Green Street, as materials are delivered to the rail access point
- These works are expected to generate medium to high levels of noise
- Some parking will be temporarily unavailable along Railway Crescent to allow trucks entering and exiting the rail access point
- Traffic management will be in place along Railway Crescent, Green and White streets to safely facilitate local vehicles from entering and exiting the road. Local residential access will be maintained during this time
- Generator-powered lighting towers will be required while we complete night works. Where possible, lights will be positioned to face away from residential properties and noise reduction mats will be placed around generators.

Health and safety

Works on the Metro Tunnel project are progressing with strict COVIDSafe plans in place.

The health and safety of our workforce and community remains our top priority.
