

WORKS NOTIFICATION

GROUND MONITORING EQUIPMENT INSTALLATION, TOWN HALL STATION 25 MARCH TO JUNE 2019

Major works in preparation for construction of the Metro Tunnel and the new Town Hall Station are continuing.

Ground monitoring instrumentation installation

Swanston Street and Flinders Street
9pm to 5am, 25 March to June 2019

- Ground monitoring instruments need to be installed across the project to enable the monitoring of ground movement during excavation and tunnelling works.
- New instruments need to be installed along Flinders Street and Swanston Street as per the map below.
- Installation involves scanning the area, saw cutting, non-destructive digging, and the use of a drill rig to install the equipment
- Works at each site will take approximately 1-2 weeks to complete
- There may be some localised traffic and pedestrian changes during works
- This work is expected to generate low to medium levels of noise.

When are we working?

Out of hours

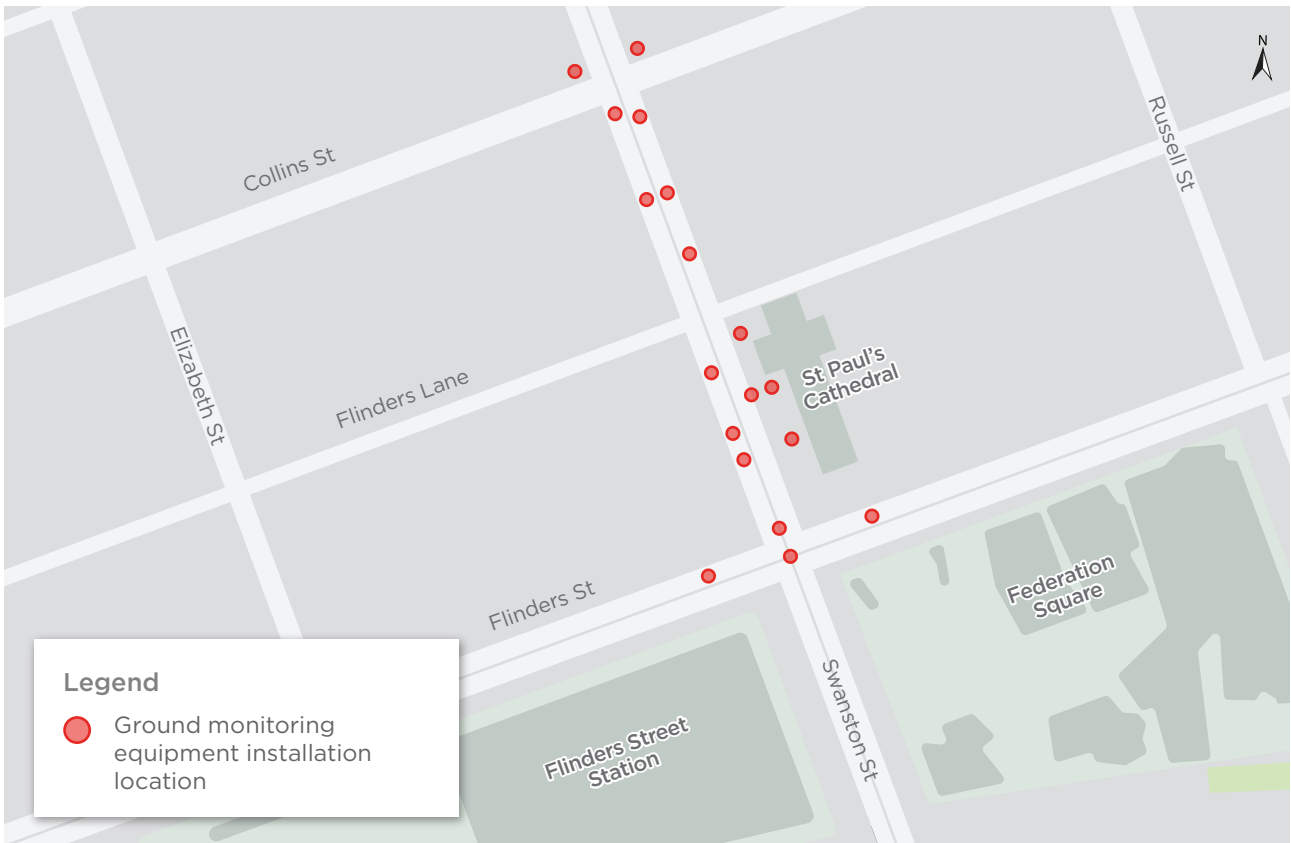

Some works are required to take place out of normal construction hours.
