WORKS NOTIFICATION

STATE LIBRARY STATION
JUNE 2020

Major construction is continuing in the northern end of Swanston Street at the site of the future State Library Station.

Construction snapshot

Construction works within the State Library Station precinct during June 2020 include:

• Construction of the underground station platform
• Construction of the shaft at the Franklin Street west site
• Piling and plunge column installation at the La Trobe Street site
• Ground floor slab and shaft construction works at the La Trobe Street site
• Preparatory works for the ground floor slab at the Little La Trobe Street site
• Concrete pump installation on Swanston Street.

Further information on these works can be found overleaf or at metrotunnel.vic.gov.au.

When are we working?

Normal construction hours
7am to 6pm, Monday to Friday
7am to 1pm, Saturdays

Some activities may be required to continue slightly past these hours. All efforts will be made to complete activities as scheduled.

Out of hours

Some works are required to take place out of normal construction hours. The timing of these works are outlined in the construction information overleaf.

24 hours

24 hour works are sometimes required during peak construction activities. The timing of these works are outlined in the construction information overleaf.

**WORKS IN YOUR AREA**

**Structures and lining works**  
**Franklin Street east site**  
24 hours, Monday to Sundays, ongoing  
- Construction of the underground station platform will continue at the Franklin Street east site  
- This involves the delivery of steel and concrete to the site using trucks and unloading materials within the acoustic shed.

**Shaft construction**  
Franklin Street west site  
24 hours, Monday to Sundays, ongoing  
- Shaft construction is ongoing inside the acoustic shed at the Franklin Street west site  
- This involves the use of excavators and trucks to remove excavated material from the site and the installation of steel struts using hand drills  
- There will be oversized deliveries to the Franklin Street west site to deliver large sections of steel for the shaft within the acoustic shed  
- Due to traffic restrictions some oversized deliveries may take place between 10pm and 7am from 14 June 2020  
- Local access for residents and businesses will be maintained at all times.

**Tunnelling works**  
**A’Beckett Street site**  
24 hours, Monday to Sundays, ongoing  
- Tunnelling works are continuing 24 hours a day inside the acoustic shed.

**Pile break back**  
**Preparatory ground floor slab works**  
**Little La Trobe Street site**  
7am to 6pm, Monday to Saturdays, ongoing  
- Concrete pours and minor works - 6pm to 10pm, Monday to Fridays, as required  
- Concrete pours and minor works will take place as required from 6pm to 10pm on weekdays. These activities generate low levels of noise  
- Trucks will continue to use the loading zone on Little La Trobe Street to deliver and remove equipment, construction materials and excavated materials.

**La Trobe Street site works**  
**La Trobe Street site**  
7am to 10pm, Monday to Fridays, ongoing  
7am to 6pm, Saturdays, ongoing  
- Piling and plunge column installation works are continuing at the La Trobe Street site  
- These works require the use of piling rigs, cranes, a tower crane and trucks  
- The following works will also continue:  
  - Pile break back using jackhammers and hand tools  
  - Shaft excavation using excavators  
  - Installation of permanent hoarding around the perimeter of the site  
  - Construction of the ground floor slab, walls and columns  
  - These works involve tying steel, installing waterproofing materials, installing formwork and pouring concrete.  
  - These activities are expected to generate medium to high levels of noise  
- A piling rig will also be demobilised from the La Trobe Street site between 8am and 3pm in mid-June. The eastbound lane on La Trobe Street will be closed to motorists as required (refer to map)  
- Local access for residents and businesses will be maintained at all times.

**Concrete pump installation**  
**Swanston Street**  
June 2020  
- Works to install a concrete pump and gantry will continue on Swanston Street (adjacent to the La Trobe Street site). This involves:  
  - Lifting a kiosk onto the gantry adjacent to site from 6pm to 10pm on Thursday 4 June. This work will require a footprint closure (refer to map)  
  - Unloading and assembling a concrete washout gantry on Swanston Street and installing a tram pole onto the gantry from 8pm to 6am Wednesday 10 June to Friday 12 June. These works will require a road closure (refer to map)  
  - Removing a tram pole on Swanston Street using a crane, elevated work platform and hand tools  
  - Installing lines under the Swanston Street footpath using an excavator, concrete truck and hand tools  
  - Steel framing, timber lining, steel sheeting and electrical fit out on the gantry using a welder, grinder and small tools  
  - Installing a concrete pump on Swanston Street, between La Trobe and Little La Trobe streets (refer to map)  
  - Installing a tram ramp between Little La Trobe and Swanston streets (refer to map) using an excavator and concrete truck.  
  - The northbound lane on Swanston Street between La Trobe and Little La Trobe streets will be closed to motorists as required (refer to map)  
- Access to Little La Trobe Street and Literature Lane will be via Elizabeth Street  
- Swanston Street north of Little La Trobe Street will be accessible via Elizabeth and Little La Trobe streets to motorists  
- Swanston Street north of Little La Trobe Street will be closed to motorists as required (refer to map)  
- Footpath closures will be required on Swanston Street at night (refer to map)  
- Some works are required to take place at night and will generate medium levels of noise  
- CitiPower are required to carry out electrical works on Swanston Street at night for about three weeks starting in June. CitiPower will notify any directly impacted stakeholders  
- Local access for residents and businesses will be maintained at all times  
- Please refer to the ‘Swanston Street Concrete Pump Installation Update’ at metrotunnel.vic.gov.au for more information.

**Concrete pump installation**  
**All sites**  
10pm to 7am, ongoing  
- Concrete pours and minor works will take place as required from 6pm to 10pm on Thursday 4 June. This work will require a footprint closure (refer to map)  
- Unloading and assembling a concrete washout gantry on Swanston Street and installing a tram pole onto the gantry from 8pm to 6am Wednesday 10 June to Friday 12 June. These works will require a road closure (refer to map)  
- Removing a tram pole on Swanston Street using a crane, elevated work platform and hand tools  
- Installing lines under the Swanston Street footpath using an excavator, concrete truck and hand tools  
- Steel framing, timber lining, steel sheeting and electrical fit out on the gantry using a welder, grinder and small tools  
- Installing a concrete pump on Swanston Street, between La Trobe and Little La Trobe streets (refer to map)  
- Installing a tram ramp between Little La Trobe and Swanston streets (refer to map) using an excavator and concrete truck.  
- The northbound lane on Swanston Street between La Trobe and Little La Trobe streets will be closed to motorists as required (refer to map)  
- Access to Little La Trobe Street and Literature Lane will be via Elizabeth Street  
- Swanston Street north of Little La Trobe Street will be accessible via Elizabeth and Little La Trobe streets to motorists  
- Swanston Street north of Little La Trobe Street will be closed to motorists as required (refer to map)  
- Footpath closures will be required on Swanston Street at night (refer to map)  
- Some works are required to take place at night and will generate medium levels of noise  
- CitiPower are required to carry out electrical works on Swanston Street at night for about three weeks starting in June. CitiPower will notify any directly impacted stakeholders  
- Local access for residents and businesses will be maintained at all times  
- Traffic management will be in place to safely guide pedestrians, cyclists and motorists around the work areas.

**Groundwater monitoring**  
Victoria, Franklin, Bouverie, Swanston, A’Beckett and Therry streets  
- Literature Lane  
  - 7am to 6pm, Monday to Fridays  
  - 7pm to 5am, Monday to Fridays, under lane closure, as required  
  - There will be intermittent testing of previously installed groundwater wells on Victoria, Franklin, Bouverie, Swanston, A’Beckett and Therry streets and Literature Lane on the road and footpath  
  - This involves setting up small localised traffic controls on footpaths and overnight lane closures on Victoria, Therry and Bouverie streets  
  - Traffic management will be in place to safely guide pedestrians, cyclists and motorists around the work areas  
  - Local access for residents and businesses will be maintained at all times  
  - These works are expected to generate low to medium levels of noise.
Traffic and transport impacts - ongoing

- Intermittent partial closures of footpaths on Victoria, Franklin, Bouverie and Therry streets to allow for groundwater monitoring
- Intermittent overnight lane closures on Victoria, Bouverie and Therry streets to allow for groundwater monitoring
- The eastern entrance to Literature Lane is closed to motorists and pedestrians
- The dedicated eastbound bicycle lane and northern footpath on La Trobe Street adjacent to the La Trobe Street site is closed
- Further information about the detour routes during these closures are available at metrotunnel.vic.gov.au.

Legend
- Work sites
- Road closure (during concrete pump works)
- Concrete pump
- Groundwater monitoring
- Footpath and bicycle lane closure
- Gantry
- Night time footpath closures (during concrete pump works)
- Traffic management
- Accessible ramp works
- Cyclist access maintained
- Vehicular access (during concrete pump works)

Health and safety
The health and safety of our workers is our key priority as we continue to deliver the Metro Tunnel Project, as is supporting social distancing measures in line with current health advice.

We have strict protocols in place to protect the safety of our construction workforce, including enhanced industrial cleaning arrangements, provision of personal protective equipment and measures to reduce staff contact, including staggered shifts.

For more information and advice about the outbreak of Coronavirus, please visit coronavirus.vic.gov.au.
### LOCAL BUSINESS SUPPORT

Now more than ever, local businesses near our construction sites need your support. In these uncertain times, businesses are doing it tough. Where possible and in line with Government advice, please continue to shop local.

Please see the offer in this notification from **Melbourne Art Supplies**, located on Little La Trobe Street.
