WORKS NOTIFICATION
GRATTAN STREET CENTRE PEDESTRIAN CROSSING CLOSURE - PARKVILLE

Further to the Parkville Station June-July update, please be advised that the centre pedestrian crossing on Grattan Street, adjacent to the Berkeley Street intersection will be removed from **Tuesday 10 July**.

Pedestrian and cyclist crossings will remain at the intersections of Elizabeth Street/Royal Parade and Grattan Street, and Leicester and Grattan streets. The covered pedestrian walkway on the south side of Grattan Street between Elizabeth and Barry streets is open.

To complete the installation of the covered pedestrian walkway on the north side, a full closure of the northern footpath will be required on **Tuesday 10 July** from Royal Parade to Gate 10.

Access to the Medical Building entrance will not be available from Grattan Street during works on Tuesday 10 July. All other entry/exits from the Medical Building, including the emergency access, will not be affected.
From **Wednesday 11 July**, the walkway on the north side of Grattan Street will be open for pedestrian access only.

For the safety of all users, cyclists are asked to dismount and walk their bike through the covered pedestrian walkway on the south side of Grattan Street. Signage and traffic controllers will be on site to direct pedestrians and cyclists.

The Metro Tunnel Project team will undertake pedestrian modelling once changes are implemented to ensure best possible pedestrian routes are in place.
