

## Index to Technical Notes

---

Technical Note	Title	IAC document reference
1	Response to item 1 of the IAC request for information dated 13 July 2016	3
2	Public Off-Street Parking Facilities within the Parkville Precinct; Response to item 2 of the IAC request for information dated 13 July 2016	3
3	Dust dispersion modelling - Eastern Portal; Response to item 3 of the IAC request for information dated 13 July 2016	3
4	Heilig and Partners Peer Review; Response to item 4 of the IAC request for information dated 13 July 2016	3
5	Landscape Plan at Eastern Portal; Response to item 5 of the IAC request for information dated 13 July 2016	3
6	Flood Risk; Response to item 6 of the IAC request for information dated 13 July 2016	3
7	Structures at which protective measures may be required; Response to item 7 of the IAC request for information dated 13 July 2016	3
8	Soil and Rock Bore Logs; Response to item 8 of the IAC request dated 13 July 2016; Potential Modification to vertical alignment at CBD South	3
9	Western Portal Option A - Construction of a temporary access ramp for the Lloyd Street Business Park between Tennyson Street and McClure Road	3
10	Additional construction area in Franklin Street (east) between Swanston Street and Victoria Street	3
11	Provision for electrical adit between Franklin Street and Swanston Street	3

Technical Note	Title	IAC document reference
12	Franklin Street Legacy Condition; Franklin Street (east of Swanston Street) to be re-opened to traffic post-construction (in response to City of Melbourne request)	3
13	Additional Construction Areas in Flinders Street and Federation Square	3
14	CBD South Station Entrance: Properties located at 65 and 67-73 Swanston Street no longer required as potential station entrance	3
15	Additional Construction Areas in Domain; Albert Road, Bowen Lane, Bowen Crescent and Bromby Street	3
16	Modification - Removal of the Fawkner Park TBM southern launch site	3
17	Service Structures Within Albert Road	3
18	Clarification of construction timeframes at the Eastern Portal	3
19	Technical investigations and analysis re Parkville and Domain precincts undertaken since the TIA exhibited with the EES was prepared, information relating to the impact on trams at the Royal Parade and College Crescent intersection, further technical investigations and analysis relating to Swanston Street outside the University of Melbourne	7
20	Responses to issues raised by the peer review of the Transport Impact Assessment	7
21	Supplementary technical note to TN 13 in relation to traffic impacts associated with construction of the Federation Square Entrance.	7
22	Transmission Line Relocation Options	7
23	Borelog data and geological long sections as described in TN008.	7
24	Revised station cavern construction methodology	7

Technical Note	Title	IAC document reference
25	Melbourne Metro Rail Project Traffic and Transport Working Group	21
26	Transport - HSF Questions (Shaun Smedley)	7
27	RFI 25 July - Section 2 (Transport) rr 1-9	21
28	RFI 25 July - Section 3 (Land use and planning) rr 10-14	21
29	RFI 25 July - Section 4 (Social and community) rr 15-20	21
30	RFI 25 July - Section 5 (Business) r 21	21
31	RFI 25 July - Section 6 (Air quality) rr 22-26	21
32	RFI 25 July - Section 7 (Noise and vibration) rr 27-38	21
33	RFI 25 July - Section 8 (Historical cultural heritage) rr 39-44	21
34	RFI 25 July - Section 9 (Aboriginal heritage) rr 45-49	21
35	RFI 25 July - Section 10 (Landscape and visual) rr 50-55	21
36	RFI 25 July - Section 11 (Surface water) rr 57-59	21
37	RFI 25 July - Section 12 (Groundwater) rr 56, 60-70	21
38	RFI 25 July - Section 13 Ground movement) rr 71-80	21
39	RFI 25 July - Section 14 (Contaminated land) rr 81-86	21
40	RFI 25 July - Section 15 (Arboriculture) rr 87-92	21

Technical Note	Title	IAC document reference
41	RFI 25 July - Section 16 (EMF) rr 93-97	21
42	Response to Dr John Heilig's Request for Further Information (Noise and Vibration)	21
43	Residential impact mitigation guidelines for construction	21
44	Parkville precinct reference group	21
45	Business support plan	21
46	Communications, stakeholder engagement and complaints response	21
47	Ground stabilisation works	41
48	Access ramp to the Lloyd Street Business Park - Dimensions of the Franklin Street adit	50
49	Schedule of construction works for Melbourne Metro	53
50	Documents relating to South Yarra Station	64
51	Eastern Portal Precinct – land tenure in the Eastern Portal Precinct and utility protection measures for Osborne Street, South Yarra	62
52	Western Portal Pedestrian Access	74
53	Updated geological interpretation – modelling of effects on EES assessments of ground movement and future development loading	69
54	Response to David Anderson's Request for Further Information	70
55	Emergency Access Shafts	81

Technical Note	Title	IAC document reference
56	Updated Draft Planning Scheme Amendment	92
57	Recommendations on the Urban Design Strategy	140
58	SoundPLAN Noise Modelling for Airborne Construction Noise	168
59	Response to the 'Matters for further consideration and/or clarification' request dated 12 September 2016 (iii) Silica	210
60	Response to the 'Matters for further consideration and/or clarification' request dated 12 September 2016 (v) Early works	211
61	Response to the 'Matters for further consideration and/or clarification' request dated 12 September 2016 (vi) Lloyd Street Temporary Access Ramp	212
62	Response to the 'Matters for further consideration and/or clarification' request dated 12 September 2016 (vii) Groundwater	213
63	Response to the 'Matters for further consideration and/or clarification' request dated 12 September 2016 (ii) Domain precinct traffic modelling	227
64	Response to the 'Matters for further consideration and/or clarification' request dated 12 September 2016 (xiv) Vibration	244
65	Response to the 'Matters for further consideration and/or clarification' request dated 12 September 2016 (i) Domain Parklands and St Kilda Road boulevard	254
66	Response to the 'Matters for further consideration and/or clarification' request dated 12 September 2016 (xi) Technical Notes	255
67	Response to the 'Matters for further consideration and/or clarification' request dated 12 September 2016 (x) Urban design/heritage	324
68	Response to the 'Matters for further consideration and/or clarification' request dated 12 September 2016 (xii) Planning	311

Technical Note	Title	IAC document reference
69	Response to the 'Matters for further consideration and/or clarification' request dated 12 September 2016 (xiii) Independent Auditor	312
70	Response to the 'Matters for further consideration and/or clarification' request dated 12 September 2016 (xv) Arden Precinct	313
71	Trees in Osborne Street, South Yarra	325
72	Clarification of impacts on trees	326
73	MMRA Creative Strategy	327
74	Response to the 'Matters for further consideration and/or clarification' request dated 12 September 2016 (viii) Station boxes and shafts – consideration for buoyancy uplift on tanked structures	328
75	Response to the 'Matters for further consideration and/or clarification' request dated 12 September 2016 (iv) Air quality	TBA
76	Response to the 'Matters for further consideration and/or clarification' request dated 12 September 2016 (ix) Surface water	TBA
77	Approach to sustainability in Melbourne Metro	TBA
78	Acquisition of 1/8 William Street, South Yarra	TBA
79	Response to request by RMIT regarding revenue estimate	TBA
