

RAIL INFRASTRUCTURE ALLIANCE

WORKS NOTIFICATION

ARTHUR STREET ROAD CLOSURE

THURSDAY 7 FEBRUARY TO MONDAY 4 MARCH 2019

As previously notified on Tuesday, 15 January, piling works are required to construct the southern retaining wall within the rail corridor, adjacent to Arthur Street. As part of these works, a full closure of Arthur Street will be required while the piling rig is located on Arthur Street.

What we are doing

Works on Arthur Street will include:

- Piling along the rail corridor between William Street and Chapel Street
- Setting up a piling rig on Arthur Street, to safely complete piling works within the rail corridor

When

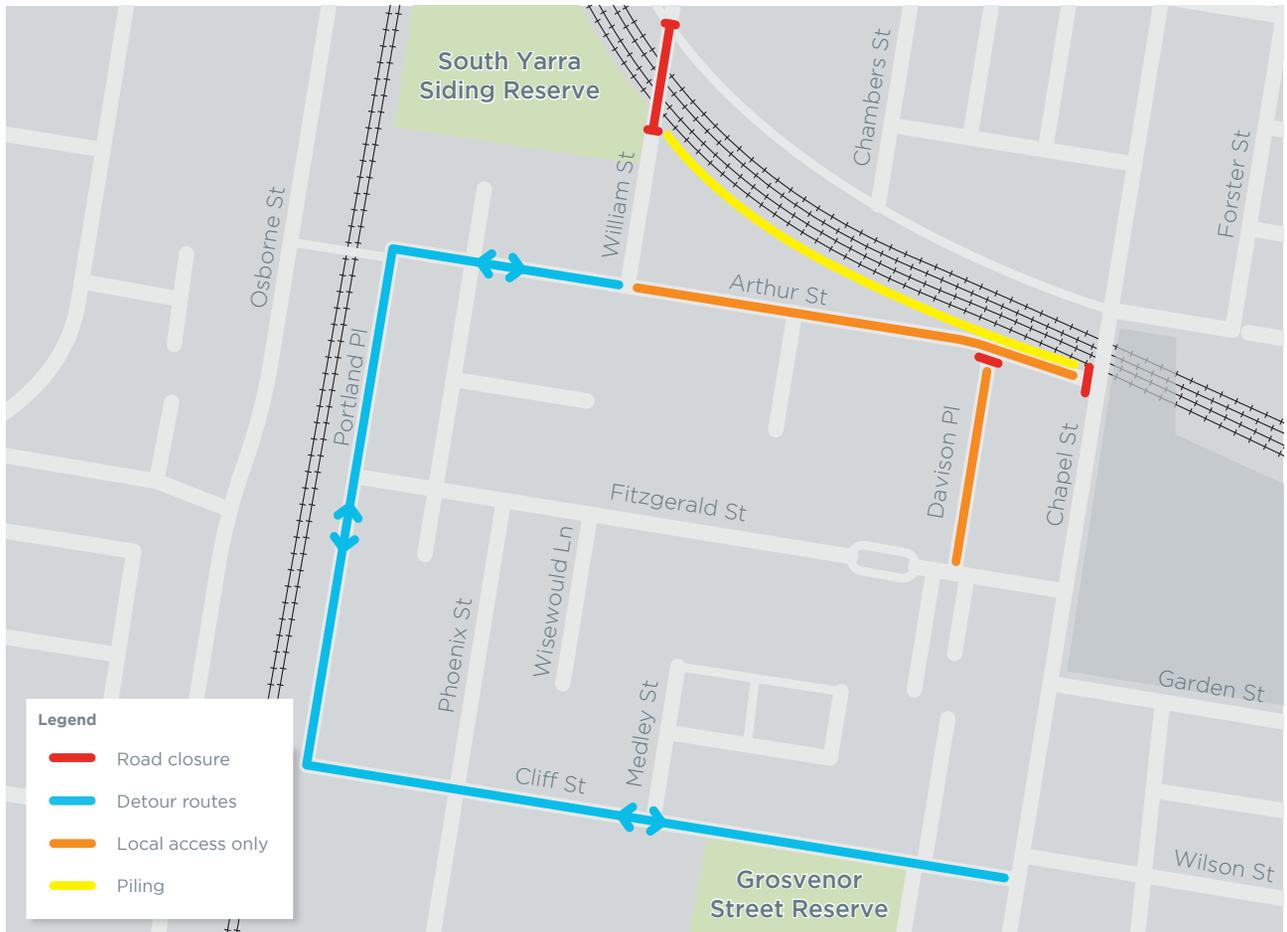

- Arthur Street will be closed to all through traffic from Thursday, 7 February to Monday 4 March
- Piling has been underway since late January and will continue until early March
- While we complete piling works, construction hours will be from 7am to 6pm (Monday to Friday) and 7am to 3pm (Saturdays)
- Extended construction hours will allow us to complete works faster and lessen the impact to residents.

What to be aware of

Traffic and access changes

- Access into and out of Arthur Street from Chapel Street will be closed to all vehicles
- Access for Arthur Street residents will be maintained via Portland Place (see map overleaf)
- Access to driveways may be restricted for short periods during this time. Impacted residents will be directly notified in advance
- There may be some changes to bin collection locations, this will be managed by the project team and impacted residents will be directly notified in advance
- Pedestrian access will be maintained at all times
- Piling works are expected to generate medium to high levels of noise and some minor vibration.

All efforts will be made to re-open Arthur Street at Chapel Street as soon as possible. For your safety, please ensure that you follow all traffic management in place while works are being completed.
