

Works Notification

Extended construction schedule and work hours Arthur Street, South Yarra

Ongoing to Wednesday 16 June 2021

Further to the May construction update, works to install underground services at the Arthur Street pocket park will be extended until Wednesday 16 June with work hours extended to 6pm on Saturdays.

What we are doing

- Due to the challenging ground conditions and recent wet weather, works to install underground cables at the Arthur Street pocket park are required to take place until 6pm on Saturdays. These additional work hours will enable the project team to ensure the structural integrity of this service route
- Works will involve the use of a horizontal directional drilling (HDD) machine. HDD uses pressurised water to drill and vacuum soil efficiently and effectively to install the underground service route.

When

- 7am to 6pm, Monday to Friday
- 7am to 6pm, Saturday.

What you should be aware of

- There will be a temporary, single lane closure along Arthur Street while we carry out underground service installation at the Arthur Street pocket park. Traffic management will be present to assist with vehicle movements during these times
- Works are expected to generate medium levels of noise with some high-level peaks.

Health and safety

Metro Tunnel works are progressing safely under the current circuit breaker coronavirus (COVID-19) restrictions in Victoria.

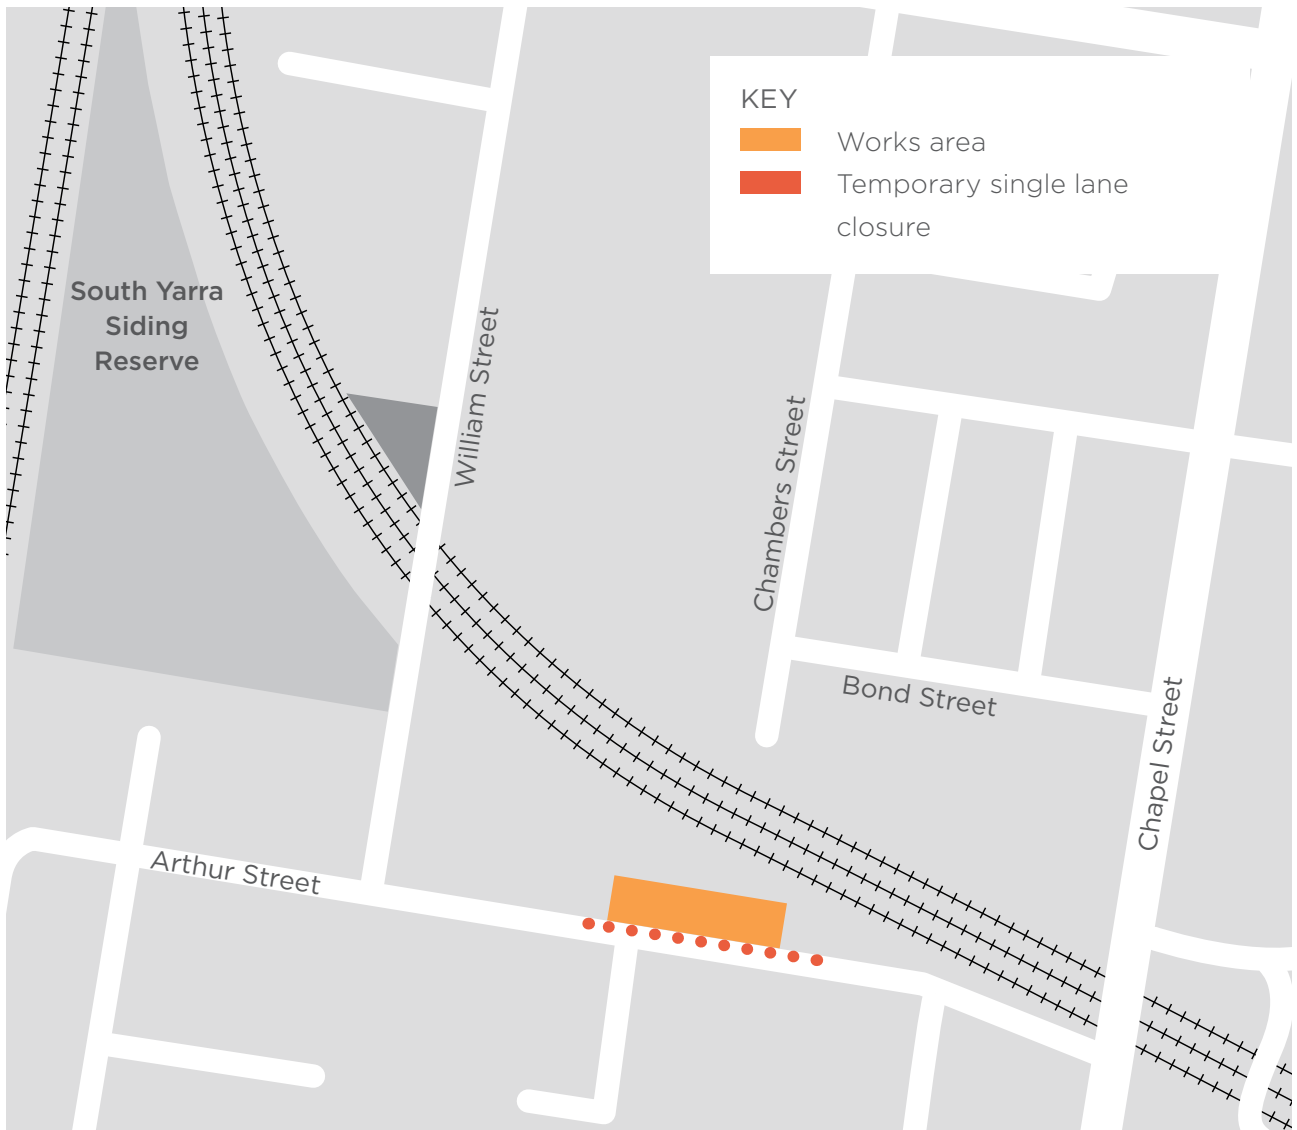

Construction is an authorised industry and COVIDsafe Plans are in place on all our project sites.

The health and safety of our workforce and community is our top priority.

Workers on all of Victoria's Big Build sites are currently required to wear face masks unless they meet any of the criteria for exception – such as a medical condition or to meet Occupational Health and Safety guidelines.

Physical distancing measures are in place, as well as increased hygiene practices.

For more information and advice about the coronavirus (COVID-19), please visit **coronavirus.vic.gov.au**.
