

WORKS NOTIFICATION

OUT OF HOURS WORKS AND PEDESTRIAN CHANGES, PARKVILLE PRECINCT FROM 12 NOVEMBER 2018

Major works on the Metro Tunnel are underway to support construction of the new Parkville Station.

What we are doing

At times, trucks will need to enter and exit at the eastern end of the site. During this time, pedestrians will be diverted to a new pedestrian crossing located east on Leicester Street. To facilitate this pedestrian movement, out of hours works are required to undertake line marking to realign the roundabout on the corner of Grattan and Leicester streets and to install the pedestrian crossing to the east of the new roundabout.

What to be aware of

- During the line marking works, Leicester Street will be closed between Pelham and Grattan streets
- Traffic controllers and signage will be in place to direct pedestrians safely around the works area
- Line marking works are required out of hours to avoid impacts to the 402 and 546 bus services
- Access to properties will be maintained at all times
- These works are expected to generate low levels of noise.

When

- 10pm-5am, Monday 19 November 2018.
One night of work is expected to be required to complete the line marking.

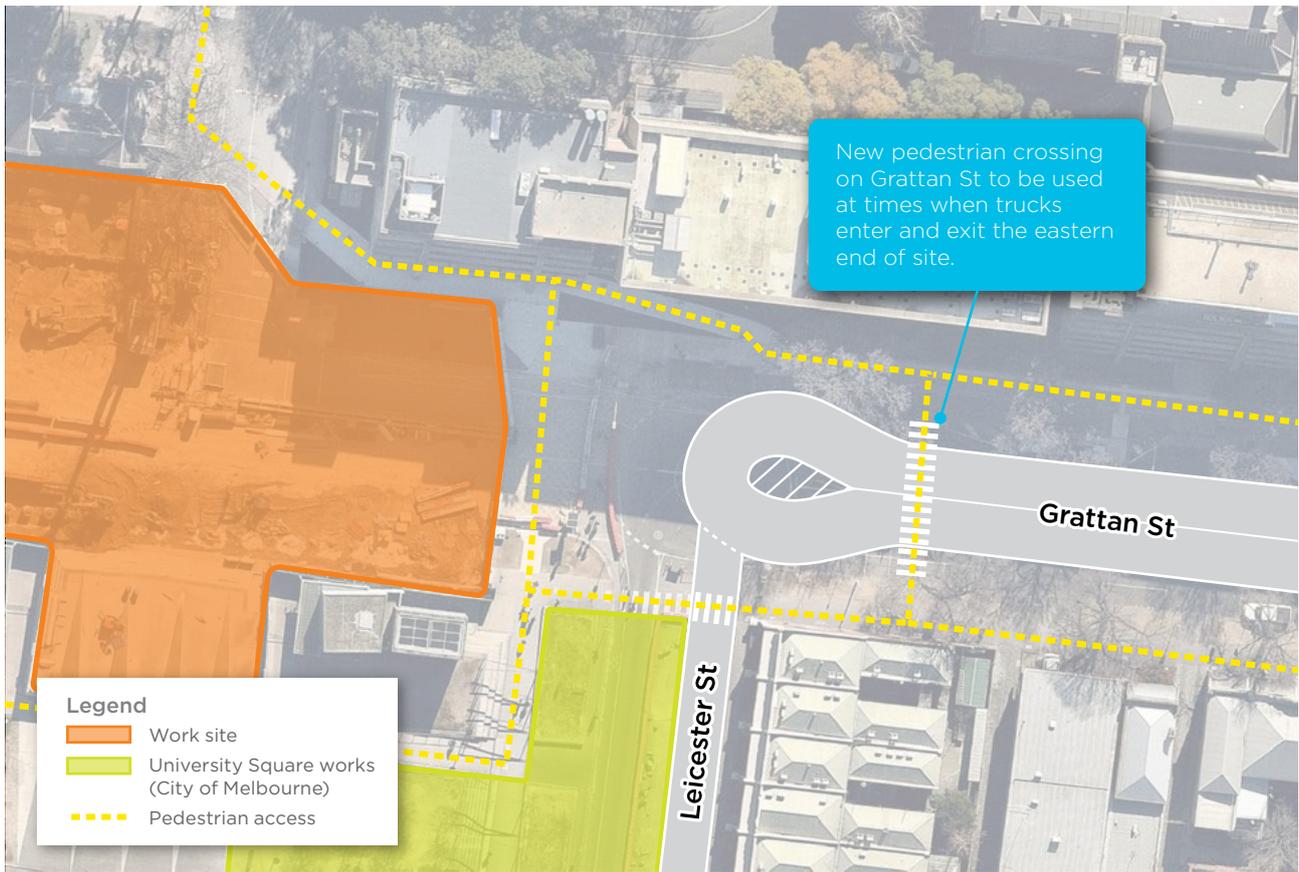

Delivery of large construction equipment

As we transition from piling to bulk excavation at the Grattan Street work site, some out of hours works may be required to deliver large construction equipment to and from site from 12 November until end of December 2018.

Deliveries are required outside normal construction hours to comply with VicRoads requirements for oversized deliveries.

Deliveries will generally occur via entrances at Barry Street, Berkeley Street and Leicester Street. Equipment will be unloaded during normal construction hours.

Further information will be provided including delivery times and dates.

Indicative only
